

SCHEDULE FOR CIVIL TRIALS IS ANNOUNCED

The Adams County Court today announced a schedule for the civil cases to be heard during the next two weeks and named Attorney Gerald R. Walmer to serve as court administrator to keep track of the cases and notify the various attorneys in advance of the expected beginning of the cases in which they are involved.

The civil trials will begin Monday with Judge Dale Shugart officiating in the new court room being established in the basement of the court house while criminal matters are being heard by Judge W. C. Sheely in the regular court room on the second floor.

First trial scheduled is that of the two trespass actions brought by Melvin M. Sharrer, New Oxford R. 2, against Baxter Paul Harman, Biglerville R. 1, and Clyde H. Funt, Arendtsville, resulting from an auto accident February 4, 1957, in which Mrs. Sharrer was fatally injured and Mr. Sharrer seriously hurt. In the one suit Sharrer is plaintiff in his own right, in the other as administrator of the estate of his late wife.

Damage Appeal Second
The second trial listed for Monday is the appeal of the state from the award of view of damages to the property of Kent E. and Dorilyn S. Golden caused by the York Springs bypass construction.

Listed for Tuesday are the action in trespass brought by Sterling Wilson, Gettysburg R. 3, against W. Sagel, Orange, N. J., as the result of an auto accident on W. Middle St., and the trespass action brought by Zora Mae and C. E. Gulden, Gettysburg R. 1, against Granville S. Miller, Littlestown R. 2. The court noted that the Gulden-Miller case "may well be called for trial in advance of one of the preceding cases."

Trial of the trespass action brought by Sadie and Earl Burke, Thurmond, N. C., against Shirley B. Nissen, Toledo, O., was scheduled for Wednesday morning, but the listing had barely been made when attorneys announced that a settlement had been reached in the case arising from an auto accident November 23, 1955, at the old York Springs intersection.

Others On List
Also scheduled for Wednesday is the trespass action of Clyde R. and Mary L. Decker, Hanover, against George W. Miller, Littlestown.

Thursday the trespass action of S. Wolf's Furniture, Inc., Gettysburg R. 1, against the Kingsdale Volunteer Fire Co., Littlestown R. 1, is scheduled to begin but may be shifted about depending on the trial of the preceding cases.

Listed for Monday, October 19, is the joint trial of the various trespass cases resulting from a fatal accident near Littlestown Christmas Day, 1957.

Three cases to be heard without jury are scheduled for October 26, 27 and 28. They are the action of scire facias for mechanics' lien of Harvin H. Pond, trading as All-Weather Builders, against J. F. and Margaret F. Foy, Gettysburg R. 2; the action in assumption of Howard W. Davis, Glen Burnie, Md., against Maitland Brothers, Littlestown, and the assumption action brought by Thomas L. Sweeney, Colonial Heights, Va., against C. S. Sites, Fairfield R. 1.

Countain Completes Orientation Course

First Lt. Richard O. Spertzel, son of Mr. and Mrs. George A. Spertzel, Gardners R. 2, has completed the military orientation course at Brooke Army Medical Center, Fort Sam Houston, Tex.

Spertzel received training in the treatment of battle injuries, care of personnel suffering from combat exhaustion, and preventive medicine procedures to detect health hazards and avoid epidemics.

The 26-year-old officer was graduated from York Springs High School in 1951, from the University of Pennsylvania in 1955 and from the University of Pennsylvania Veterinary School in 1959. He is a member of Theta Chi and Alpha Psi fraternities.

TALKS TO CLUB ON ARRANGING DRIED PLANTS

The Biglerville Garden Club held its annual open meeting Thursday evening at the Biglerville School cafeteria. Mrs. H. David Pitzer, president, introduced Mrs. David E. Hoff, Harrisburg, who spoke on arranging dried plant material.

Mrs. Hoff is a well known garden lecturer in central Pennsylvania. She is president of the Ikebana Club (the study of Japanese flower arranging) and studied in Japan last summer. She has lectured at Garden Days at the Pennsylvania State University and teaches and demonstrates at the YWCA in Harrisburg.

She urged the group to experiment with dried materials. "You have to learn to appreciate the distinctive forms and muted colors of dried materials," she said, "because most of us are used to bright colors." She pointed out that they have advantages because of their distinctive shapes and each piece offers a surprise since no two pieces dry in the same form.

Borax Method
One of the most beautiful arrangements was a mass grouping of hydrangea and hollyhocks prepared by the borax method. Mrs. Hoff pointed out that in drying flowers by this method one must have a great deal of patience as

PLAN FREE BUS TO GOP RALLY

A free bus will be operated from Gettysburg to the South Arendtsville, Saturday afternoon for the Republican rally. The bus will leave from in front of the AME Zion Church, S Washington St., at 2 p.m. It will stop at the C. W. Epley garage for other passengers and then proceed to the grounds. Returning, it will leave the grounds at 6 p.m. It was announced this morning by H. Earl Pitzer, chairman of the county GOP committee.

"If the weather is favorable we expect a large crowd, probably in excess of 2,000," Pitzer said. Blair F. Gunther, candidate for the Supreme Court, will be the principal speaker. State Senator Douglas Elliott, of the Adams-Franklin district, will also speak briefly.

George Bloom, chairman of the state committee, will attend and may speak briefly. "We will not have a lengthy speaking program," Pitzer said. "We want the voters to meet our candidates and to hear just two or possibly three brief talks. Refreshments will be served," he added.

Nine Coeds And Professor Are Burned To Death When Tank Truck Rams Into Rear Of Bus; Tank Bursts; Trap 5 Girls

NORTH BRUNSWICK, N. J. (AP)—A professor and nine Trenton State College coeds were burned to death today when a tank truck rammed into a bus taking them home from a theater party in New York.

Eleven girls and the truck driver were injured, some of them seriously burned, in the flaming disaster on rainswept Rt. 1. The bus carried 40 students, a driver and Dr. Ernest Sixta, 40, professor of history at the college, who was killed. A native of Cedar Rapids, Iowa, he was graduated in 1952 from the University of London where he had been a Fulbright scholar.

They were part of a two-bus caravan which was 25 miles from its destination when the bus stopped for a traffic light in the rain and fog.

The truck smashed into the back of the bus.

The gas tank at the rear of the bus exploded, probably killing Sixta immediately. He was seated in the rear with his wife.

The bus driver said the girls had tumbled out the front door and the rear emergency door which the driver wrested open.

DRIVER FINED IN THIRD CASE OF HIT AND RUN

A third hit-and-run charge has been placed against Homer Seymour Bobo, 20, 24 W. Middle St., as a result of incidents occurring in a drive from Iron Springs to Fairfield September 19.

Bobo had previously been charged with a hit and run accident in Fairfield, where he struck a parked car, and in a hit and run case on the Iron Springs road where he sideswiped a passing auto.

Hamiltonban Twp. Justice of the Peace Roger Myers, Fairfield R. D., today revealed that Bobo had a third hit-and-run charge brought against him in reporting that Bobo has been ordered to pay a fine of \$25 and costs before Myers.

2nd Man Fined

The charge before Justice Myers apparently relates to an incident at the beginning of Bobo's September 19 tour. Brought by Marshal Kuykendall, Iron Springs, the charge alleges that Bobo entered Kuykendall's property, backed around, crushing the porch steps at the Kuykendall property in the process, and then drove off.

Hansel Brooks, Fairfield, was fined \$25 and costs by Justice Myers on a charge of permitting a driver to leave the scene of an accident without identifying himself, relating to the Kuykendall home incident.

A number of other payments of fines on state police cases were reported by Justice Myers. They included:

Donald Walter Stewart, Metuchen, N. J., \$10 fine and costs on a charge of driving without an operator's license brought by state police; Edgar Landis Strite, Hagerstown R. 6, \$10 fine and costs on speeding at 70 miles per hour; Russell B. Strite, Gettysburg R. 2, failing to remain on the right side of the highway, \$10 fine and costs; Lois M. Huff, Blue Ridge Summit, speeding at 65 miles per hour, \$10 and costs; William James McBride, Waynesboro R. 4, following too closely, \$10 fine and costs, and Robert F. Suders, Fairfield R. 2, reckless driving, \$15 and costs.

County Youth Unit To Ready Report

The Adams County unit of the White House Conference on Youth will meet Sunday afternoon at 3 o'clock at the Trinity United Church of Christ, its chairman, Attorney John A. MacPhail, has announced.

Open to the public, the meeting will feature reports of the various subcommittees established some weeks ago. The subcommittee reports will then be molded into a county report to be sent to the state unit of the White House Conference next Thursday.

Beamer, New Oxford, which has been probated in the office of the register and recorder, the Salem United Brethren Church, Gettysburg, and the Pines Lutheran Church, New Oxford, will receive equal shares in monies and possessions estimated at a value of \$7,250. In addition, Mary Guise and Myrtle Guise, sisters of the deceased, will receive \$1,000 each. Claude Straley, New Oxford, is the executor.

TELLS PTA OF SCHOOL HEALTH PROGRAM HERE

The Keefauver Elementary School PTA met Thursday evening with 60 members present. Irving Weinberg, president, introduced Mrs. Lucille M. Brennan, school nurse, who explained the school health program. She stressed the fact that a school should, and locally does, maintain an adequate health program. However, she added, parents are primarily responsible for their child's health and a school program is supplementary to this. Mrs. Brennan introduced Miss Miller, the junior-senior high school nurse, and a question and answer period followed.

At the business meeting it was reported that the PTA clothing bank which operated last year was successful and the members voted to operate the bank again this year with Mrs. Brennan as chairman. Mrs. Tom Washburn, vice president, reported that the programs will be sent home with the pupils. Mrs. William Ayre reported that the membership is now 118.

Mrs. Gerald Doo announced that the UNICEF trick or treat program will be held this year by the students in the elementary grades. Frank Hewetson spoke in behalf of the Adams County Free Library explaining the proposed legislation to be voted upon in November.

It was also announced that during National Education Week next month the PTA will hold open house instead of a regular meeting.

Ex-Producer Of TV Quiz Show Admits He Advised 30 To Lie To Grand Jury

WASHINGTON (AP)—The former producer of the "Tic Tac Dough" television quiz show testified today he advised about 30 contestants to lie to the New York grand jury investigating rigging of such programs.

The testimony came from Howard Felsher, who was fired last week by the National Broadcasting Co. because he would not make an affidavit that contestants had not been given assistance.

Felsher also told the House investigating subcommittee that on the night version of "Tic Tac Dough" about 75 per cent of the performances were rigged.

Felsher said the large scale rigging took place after he became producer of the nighttime show in April 1958.

Another Big Question

The percentage of alleged rigging was developed in questioning by Robert W. Lishman, counsel for a House committee investigating quiz shows.

The big question today was: Will Charles Van Doren, hero of millions of question-and-answer fans, come in and talk about charges the programs were rigged?

Truck Swerves, Clips Off Pole

Damages totaling \$300 were caused at 7:30 o'clock Thursday morning when a truck clipped off a telephone pole on the northern outskirts of Littlestown.

Police Chief Calvin W. Mumert said that David E. Collins, Three Springs R. 1, was following too closely behind a car driven by Marcellus Link, Littlestown R. 2, when he swerved his truck to avoid crashing into the car and lost control of the tractor-trailer. Link was making a right turn off N. Queen St. into the Bonneauville Rd. at the time.

Collins was charged with following too closely. Damage was placed at \$200 to the pole and \$100 to the truck. Nobody was injured.

ATTORNEY IS ADMITTED TO COUNTY'S BAR

Walter H. Katherman Jr., 37, was admitted as a member of the Adams County Bar at a session of court this morning.

A former York County attorney with offices in York, he has established an office and home at 27 N. Queen St., Littlestown, the court was told and has resigned from the York County Bar to become a member of the Adams County Bar. A graduate of William and Mary College, Williamsburg, Va., he received his law degree from Dickinson College, Carlisle, and then practiced law in York County from 1951 to the present time.

David L. Hauck, Mt. Wolf R. 1, was found guilty of speeding by the court following a hearing this morning. Arrested by State Police-man Charles J. Todd, Hauck insisted he was driving "between 45 and 60" miles per hour when arrested. Officer Todd said the speed was about 60 miles per hour. He said he had started giving chase to Hauck as he was leaving East Berlin "because he was pulling away from me too fast." After about 3 1/2 miles Hauck stopped at a stop sign and Officer Todd made the arrest. Hauck said he was sure his speedometer was correct, but said he had not had it inspected after the officer had recommended that he do so at the time of the arrest. Hauck was ordered to pay the costs of the case and a \$10 fine.

The petition for support against David H. Perdue, Chambersburg R. 3, was dismissed but the costs were placed on Perdue and he was given time to pay. A victim of Parkinson's disease, Perdue lives on a \$90 a month income. The suit was brought at the instigation of child welfare authorities.

Francis Fogle, E. Middle St., was found guilty of contempt of court but sentence was suspended on condition he pay \$7 per week toward a \$3 per week support order and arrearage. Fogle, who served 90 days in the Allegheny County workhouse this spring, was told he will go back to the workhouse if he misses one weekly payment.

MRS. REXROTH EXPIRES AT 79

Mrs. Ella A. Rexroth, 79, widow of Harry E. Rexroth, died at midnight Thursday at her home, Gettysburg R. 3. She had been in failing health for the last year.

A native of Adams county, she was a daughter of the late John B. and Margaret (Thomas) Heller, and resided most of her life in Adams County, living at the Gettysburg R. 3 address for the last 27 years. Her husband died in 1941. She was a member of the Benderville Methodist Church.

Surviving are five children: Walter E. Rexroth, Gettysburg R. 3; Harold E. Rexroth, Biglerville; Mrs. James Baker, Marlin A. Rexroth and Grant W. Rexroth, all of Gettysburg R. 3.

Macmillan's Conservatives Double Majority In Commons

LONDON (AP)—Prime Minister Harold Macmillan's Conservative government returned to power today with virtually a doubled majority in the House of Commons. A landslide vote of confidence gave the Conservatives a third term and sent London stock prices soaring.

Nearly complete returns this afternoon showed the Conservatives had taken more than 20 seats from the Labor party in the 630-seat House of Commons.

Edge Of Over 100
The Macmillan party, the nearest approach in Britain to a free enterprise party, rode a wave of prosperity to victory. Dealers were besieged at the opening of the Stock Exchange by brokers wanting to buy shares in British companies. Shares of steel companies, safe for the time being at least from Labor threats at nationalization, led the parade.

A short time later the tabulation of votes put the Conservatives' majority in the House of Commons past the 100 mark. Macmillan's majority in the last house was 53 seats.

This count from 580 districts gave the Conservatives 340 seats, the Laborites 235, and the Liberals 5.

Returns from 87 per cent of the districts gave the Conservatives 49.7 per cent of the popular vote, about the same as in the 1955 election.

Labor's Vote Down
Labor's popular vote was down to 43.8 per cent from 46.3 in 1955. The Liberals' share of the vote in 1955, 2.7 per cent, was about doubled this time.

The popular vote in itself, as in the United States, does not determine the election. The result is on the basis of how many of the 630 districts a party can carry.

The Halloween party is planned for Thursday, October 29. Costumes are required and fines will be levied on those who come without costumes.

The first of a series of monthly card parties is planned for Thursday, October 22.

BALLET WILL PLAY HERSHEY

"Ballet Russe de Monte Carlo," America's favorite ballet company, will play at the Hershey Community Theater for a single performance on Monday, October 26.

"Ballet Russe de Monte Carlo" will present an entirely new program this year. It will feature numbers that have not been done in the Chocolate Town before. "Ballet Russe de Monte Carlo" visits more than a hundred cities and towns in the United States and Canada each year. Its annual attendance approaches one million persons. In addition to its tours, the company has made numerous films and frequent appearances on television shows. It is a leader in acquainting the American public with ballet and making it one of the most popular forms of theatrical entertainment.

"Ballet Russe de Monte Carlo" is particularly interested in presenting ballets that have entertainment value. The backbone of its repertoire are the famous classical ballets, "Swan Lake," "Giselle," "Coppelia" and "The Nutcracker." In addition to the classical favorites, the repertoire features such popular ballets as "Gaiete Parisienne" and "Graduation Ball." The latter is being revived this season by popular demand after several years absence from the repertoire.

West Pleased By Conservative Win

By ROBERT TUCKMAN

LONDON (AP)—Western capitalists today welcomed the Conservative victory in Britain as reassuring to the Atlantic alliance.

Some officials and various newspapers said it spells continuity and stability in British foreign policy at a time when the West will consider talks at the summit with the Communist East.

West Germany's Chancellor Konrad Adenauer was reported pleased with the outcome, which gave Prime Minister Harold Macmillan the "overwhelming authority" he had asked to speak for Britain at the summit.

Privately, the Adenauer government is known to be satisfied with defeat of the Laborites, who advocate neutralization of Central Europe including Germany.

"Red Tide" Kills Fish By Thousands

ST. PETERSBURG, Fla. (AP)—Thousands of dead fish killed by the Red Tide washed up in Sarasota Bay today in the wake of tropical storm Irene, and residents reported the stench unbearable.

Some residents were reported leaving the area.

Residents of Longboat Key said fish under the bridges there were so thick the water could not be seen.

Trucks and bulldozers were expected to be in the area in the morning to haul away and bury the carcasses.

The stifling fumes of Red Tide, cause throat, lung, eye and skin irritations to humans.

Red Tide is the common name for a marine organism that kills fish when it gathers in heavy concentrations.

ADVERTISE IN THE TIMES

Weddings

Miss Eleanor R. Jacobs, daughter of Mr. and Mrs. William P. Jacobs, 46 E. Broadway, and David C. Stoner Jr., son of Dr. and Mrs. David C. Stoner Sr., Oak Ridge, were married in St. Francis Xavier Catholic Church by the Rev. Fr. Leroy Spisak Wednesday evening.

The bride is a graduate of Delone Catholic High School with the class of 1959.

The groom is a graduate of Delone Catholic High School with the class of 1959 and is a student at Mt. St. Mary's College, Emmitsburg.

Spain-Koons
Miss Carole C. Koons, daughter of Mr. and Mrs. E. Ross Koons, York Springs, and Helmut Spahn, son of Mrs. George Spahn, Ludwigshafen, Germany, and the late George Spahn, were married recently in Mannheim, Germany.

The ceremony took place in the Lutheran Church by Rev. Simon, pastor, and the Rev. Matthew Blair, pastor of the Benjamin Franklin Village Protestant Chapel. The ceremony was performed in both German and English.

The bride wore a street length gown of white silk organza with a cape collar and baby blue cummerbund. The collar and skirt of the gown were trimmed with matching lace. She wore a white straw picture hat trimmed with baby blue ribbons and carried a bouquet of yellow roses.

Miss Josephine Neil, Nashville, Tenn., was the maid of honor. She wore a street-length dress of navy blue crepe with a rolled collar and pleated back. Her flowers were pink carnations.

Dieter Strasser was the best man.

A reception in the Benjamin Franklin Officers Club, Mannheim, followed the ceremony. The couple then left for a wedding trip through Switzerland, Italy and Austria. They will remain in Germany for a few months after which they will reside in York Springs.

FATAL CRASH WAS "JUST A FLARE, FIRE"

NORTH BRUNSWICK, N.J. (AP)—"There was just flare and fire. I don't remember how I got out." That was the only way Dolores Incao, a Trenton State College student, could describe a flaming bus crash in early morning fog today.

Ten of her fellow students burned to death and 12 were injured, including Dolores herself, when a bus bringing them back from a Broadway play was rammed by a tank truck.

The stunned college girls tumbled from the bus, some with singed hair and at least one with her clothing aflame from the explosion and fire which followed the crash.

Miss Incao, 19, of Manville, was three or four seats from the rear of the bus when the tank truck struck it from behind. She was treated at Middlesex General Hospital in New Brunswick and released.

Also treated for a sprained ankle there and released was Frances Mrozek, 20, of Linden, a junior at Trenton State.

"It just happened too fast," she said. "The crash, and the fire, and the falling out of the bus."

Joseph Zimmerman, an off-duty New Brunswick patrolman, was in his car a half block from the accident.

"The sky lit up and then I heard an explosion," he said. "I could see the flames. When I got there, they were just tumbling out the rear end of the bus. I don't know how."

Vincent Lynch, a New Brunswick fireman, said his fire company arrived on the scene quickly.

"It was a big inferno," Lynch said. "It looked like a 500-pound bomb had hit the bus. There was no panic."

Polly Turner, 19, of Piscataway Township, a Trenton State sophomore, was sitting on the right side of the bus near a window.

County Native To Head Veterinarians

Dr. Richard C. Guise, of Har-County, has been named president-elect at the 77th annual convention of the Pennsylvania State Veterinary Medical Association at Philadelphia.

Dr. Guise was graduated from Arendtsville High School, Gettysburg College and from the School of Veterinary Medicine, University of Pennsylvania.

At the convention, various aspects of veterinary service and attendant problems were discussed. The next convention will be held in Erie in 1960, at State College in 1961, and in 1962 a cruise from New York to Bermuda is under consideration.

PAY HOMAGE

VATICAN CITY (AP)—A hushed throng in St. Peter's basilica paid homage to Pope Pius XII today, the first anniversary of his death.

"WE ARE ALL FIRE MINDED" SAYS MARSHAL

"We are all 'fire-minded' because we are all interested in saving lives and property," Capt. Lawrence L. Priar, of the Pennsylvania state police, state fire marshal, declared today in a Fire Prevention Week talk before a student convocation at Gettysburg College.

"Yet eighty per cent of all fires are the result of rank carelessness," Capt. Priar pointed out.

"There is not much difference between a fire set maliciously by a criminal and one which begins through someone's carelessness. The only difference is that the criminal goes to jail while the careless person walks around free," the state fire marshal said.

Children Are Victims

"Over the years I have helped firemen carry burned bodies out of charred buildings," he stated. "The principal victims are small children and persons over 65—somebody's children and somebody's parents."

"Firemen ask only your understanding for your fellow man, not a fatalistic attitude that what is going to burn is going to burn. A fire loss is everybody's responsibility. The majority of fires are preventable," Capt. Priar reminded his Gettysburg College audience.

"Watch out for matches and cigarettes. They have been the number one cause of fires for many years," he added.

SAYS HANOVER BATTLE HAD EFFECTS HERE

In the opinion of one historian, the Battle of Hanover may not have saved the nation, as has been claimed, but it was a crucial factor in the outcome at Gettysburg.

Speaking before an overflow audience of more than 250 persons at a meeting of the Historical Society of York County Wednesday night, Dr. Charles H. Glatfelter, a member of the Gettysburg College history department, made this observation:

"We can say with assurance that Kilpatrick — the Union general at Hanover — did prevent the main Confederate cavalry from joining forces with Ewell's corps at a time when it would have been possible for Stuart to have been available to Lee on all three days of the Battle of Gettysburg."

Dr. Glatfelter said "we can never know how much Stuart could have contributed in carrying out Lee's strategy but we can say with confidence that he contributed not one whit at all in Dover, Dillsburg and Carlisle on July 1, 1863."

While the York County invasion he described was a brief one, Dr. Glatfelter developed in detail his thesis that the war had profound social, political and economic effects there.

Textile Strike Ends As Workers Return

PATERSON, N.Y. (AP)—Some 8,000 textile workers in New Jersey, New York and Pennsylvania returned to work today with a new two-year contract after settlement of a four-day strike.

Agreement was reached Thursday night on the contract which provides a pay increase of 13 cents an hour the first year and 5-cents an hour the second year. The contract also includes increased pension and holiday benefits.

The average hourly wage before the new contract was \$2.27.

NOT A CANDIDATE

WASHINGTON (AP)—Secretary of Agriculture Ezra Taft Benson said today he is not a candidate for public office.

He made this statement upon his return from a good will and trade trip to Europe.

A newsman who accompanied the secretary told him there has been speculation abroad that the trip was made to further talk of him as a vice presidential possibility.

HAS LIQUOR PLAN

NEW YORK (AP)—Bishop John Wesley Lord, president of the Temperance Board of the Methodist Church, urged nationalization of the liquor industry Thursday. Under his plan, he said, the profits from liquor, beer and wine would be used to fight alcoholism.

WASHINGTON (AP)—Secretary of Agriculture Ezra Taft Benson came back from a tour of Europe today with a word of caution against complacency in the contest with the Soviets.

He said his trip, which took him into Communist Poland and Yugoslavia as well as the Soviet Union, strengthened his conviction that capitalism is far superior to communism.

BRIDGETON, N. J. (AP)—Juan Rivera Aponte was sentenced to life imprisonment today for the 1944 murder of a 13-year-old boy.

Telephone Mrs. John Leeti, Biglerville 8

Mr. and Mrs. Lloyd Kreider, Lancaster, spent several days recently with their son-in-law and daughter, Mr. and Mrs. Daniel Dentler, and family, Biglerville.

Biglerville Brownie Troop 27 met Wednesday afternoon after school with 20 girls present. Dues were collected by Elaine Strine and attendance was taken. Participating in the flag ceremony were Gail Alwine and Connie Fissel as flag bearers; Susan Tuckey and Elaine Strine as guards, and Jane Lawver as the announcer. An interest catcher was presented by Mary Ann Denisar. The Brownie promise and pledge to the flag were given, and "America" was sung. The merits of a Brownie were then discussed. The remainder of the time was devoted to practicing for the inventure service to be held next Wednesday afternoon at 3:40 o'clock, and to which the parents are invited. The meeting closed with the friendship circle and daylight taps.

Mrs. Mildred Young, Harrisburg, and Mrs. Fred Black, Biglerville R. 2, spent a day recently in Hagerstown, Md.

The Bendersville Methodist Church Choir will rehearse at the church Monday evening.

Mrs. Robert Gillelan and children, Becky and Bobby, Biglerville, have returned home after visiting for two weeks with her parents, Mr. and Mrs. Floyd C. Miller, Trucksville.

Mrs. E. W. Wright, Biglerville, has returned home after spending three weeks visiting Mrs. E. H. Sellers, Wilmington, Del., and Dr. and Mrs. Edwin P. Runyan, Philadelphia.

The Volunteer Sunday School Class of St. Paul's Lutheran Church, Biglerville, will meet Tuesday evening at 8 o'clock at the parsonage. The hostesses will be Mrs. Luther Lawver, Mrs. Earl Crum, Mrs. O. A. Nary and Mrs. Charles Baker.

Mr. and Mrs. Owen Coble, Idaho Falls, became the parents of a son Thursday. This is their second son. Mr. Coble is the son of the Rev. Dr. and Mrs. O. D. Coble, Bendersville.

Bendersville Brownie Troop 27 met Wednesday afternoon in the elementary school with 13 members present. Twenty-two girls who want to become Brownies made plans for the investiture service which will be held October 21 during the regular meeting. Parents are invited to attend this service. Unit one made plans for a Halloween party. The leaders, Mrs. William Wright and Mrs. James Wright, were assisted by Mrs. Glenn Taylor, Mrs. Arthur Kuntz and Miss Jane Wright, Senior Scout. The meeting closed with the friendship circle, taps, and the magic tunnel.

The Festival of the Harvest Home will be celebrated at Trinity Lutheran Church, Arendtsville, Sunday morning at the 10:30 o'clock worship service. The Sacrament of Holy Baptism will be administered at the same service.

The following Sunday School officers were elected recently at Trinity Lutheran Church, Arendtsville: Robert Carey, assistant superintendent, Dale Hoffman; secretary, Mrs. Donald Ernst; assistant secretary, Gene Staub. The term of the office for these officers will be October 1, 1959 to October 1, 1960.

Mrs. Nora Dentler, Biglerville, has returned home after visiting her brother-in-law and sister, Mr. and Mrs. C. P. Barnhart, Green-castle. Mrs. Barnhart accompanied her home Wednesday and visited her other brother-in-law and sister, Mr. and Mrs. Walter Slaybaugh, Biglerville.

The Ladies Bible Class of Bethlehem Lutheran Church, Bendersville, met Wednesday evening at the church with 15 members present. The hostesses were Mrs. Frances Orner and Mrs. Lloyd Orner. Some members started knitting leper bandages. Plans were made to hold a rummage sale on November 6 and 7 in the GAR Room on E. Middle St., Gettysburg.

DEATHS

Mrs. Retter Rites
Funeral services for Mrs. Bertha J. Retter, 79, who died Monday in Kings County Hospital, Brooklyn, were held today at 10:30 a.m. from the Grove Funeral Home, Waynesboro, conducted by the Rev. Glenn Stahl. Burial in Burns Hill Cemetery.

Mrs. Retter was born near Roadside, the daughter of James and Emma Snowberger Watson. Her early life was lived at Roadside and following her marriage she resided in Gettysburg.

During the time her husband was overseas in World War I she lived in Philadelphia and for 23 years lived in Bristol, Pa., and since 1948 in Brooklyn.

She is survived by her husband, Andrew L. Retter; a daughter, Mrs. Gertrude Pollard; one granddaughter, three great-grandchildren, and a foster son, Roy Hatcher, Chicago.

Abbottstown

ABBOTTSTOWN—Sixteen members were present at a Tuesday evening meeting of the Abbottstown Fire Co. During the meeting, a report on front room construction was made by the committee and contractor, William Rodgers. The group reported that improvements are being made according to schedule and listed renovation plans for the forthcoming week. Bills of \$475 were approved and receipts amounting to \$117 dollars were announced.

It was reported that two fire calls were answered last month, one at the Jacobs farm, the other at the home of Emory Moul in Paradise Twp. In connection with fire fighting efficiency, it was announced that beginning November 7 a weekly test blast will be made on the company's siren from the central radio station at Gettysburg.

Some misunderstanding apparently exists as to the proper method of sounding the alarm. It was pointed out by Lester Spangler that the alarm button is to be pressed once, and not held down as previously reported. In this manner the alarm will automatically sound four times. The procedure may be repeated if desired. It was agreed that no events will be held in the fire hall during renovation due to a lack of facilities. The next meeting will be held November 3.

Ike Congratulates British Leader

WASHINGTON (AP)—President Eisenhower sent personal congratulations today to Britain's Prime Minister Harold Macmillan on the sweeping Conservative party victory in the British elections.

The White House announced that Eisenhower had sent the message but, as usual with such communications, withheld its contents.

Secretary of State Christian A. Herter also expressed pleasure at the result of the election.

"The winner is to be congratulated," Herter said as he entered a closed-door meeting of ministers of the five-nation Central Treaty Organization.

Man, 22, Placed On Probation In Deaths

NEWPORT, R.I. (AP)—Earl A. Guinter, 22, of Williamsport, Pa., changed his plea to no contest Thursday on charges stemming from the automobile deaths of two students.

He had pleaded innocent to reckless driving. Judge Frank Licht of Superior Court sentenced him to three years in jail but suspended the sentence and placed him on probation.

Guinter was accused of driving the car which killed two De La-salle Academy students on May 17, 1958.

They were hit while changing a tire. Guinter at the time was in the Navy and stationed at the base here.

40 And 8 Faces Color Line Crisis

INDIANAPOLIS (AP)—The American Legion is going to get rid of racial restriction in its subsidiary 40 and 8 Society or get rid of the 40 and 8.

The Legion's Executive Committee authorized Commander Martin B. McKenney Thursday to "take any and all measures he may deem necessary" to get the restriction abolished. His authority covers dissolving the society if necessary.

The Legion itself draws no color line.

FIELDS WAS BROKE

NEW YORK (AP)—Benny Fields, the song and dance man who enriched the lives of many a showgoer, apparently died broke. Fields, fatally stricken by a heart attack last Aug. 16 at the age of 65, bequeathed all his possessions to his widow and co-star, Blossom Seeley Fields.

But a trust company officer, named executor of the estate, said in an affidavit Thursday: "To the best of my knowledge, information and belief, Benny Fields left no assets."

BUSINESS OF BUSSING IS UNREWARDING

By GENE HANDSAKER
LAGUNA BEACH, Calif. (AP)—It's just a little bus line. Only two buses, and the owner's 5-foot 2, 120-pound wife drives one of them—for no pay—to save expenses.

Even so, Laguna Transit has lost money each of the five years Pershing L. Reiner has owned it—\$1,240 last year.

However, the State Public Utilities Commission authorized him Thursday to raise fares from 15 to 20 cents. He figures that will mean a profit of about \$300 a year.

Pay Coming?
So, will his wife, Regina, 41, get paid after five years behind the wheel for free?
"You'd better ask her," he chuckled.

"I bet I don't," she said, "because insurance rates are going up. We get a raise—just to pay more expenses."

Why hang on to such a shaky enterprise?

High Hopes
"We feel some day it might start paying off," said Reiner. His wife predicted: "We'll make money when we get the equipment paid for." They owe \$3,200 on one of the 21-passenger buses.

On the side Reiner, 42, drives a mail van between Los Angeles and Fresno and is gone from home two days out of three.

Orttanna

ORRTANNA — The WSCS of the Orttanna Methodist Church held its regular monthly meeting at the home of Mrs. Ethel Donaldson, Chambersburg, recently. Seventeen members were present. Mrs. Donaldson, president, opened the meeting with a poetic reading and prayers.

Mrs. Marian Sloat, vice president and spiritual life secretary, read "The Light On The Mountains." Mrs. Betty Donaldson, secretary of social relations, presented a United Nations program through recordings, with Miss Margaret Bender serving as narrator. Refreshments were served following the meeting. Mrs. Beulah Newell received the guest package.

Sunday guests of Mr. and Mrs. Walter Tressler were Mr. and Mrs. Howard Tressler, Blue Ridge Summit.

Mrs. Lillian Hanson, Mrs. Alice Staub and Mrs. Viola Guise are house mothers at the Scotland School, Scotland.

Mrs. Mabert Dickey, Washington, D. C., visited her father, C. U. Spence, over the weekend.

ATLANTIC AND GULF PORTS COME ALIVE

NEW YORK (AP)—Atlantic and Gulf Coast ports sprang to life again today after an eight-day strike by 85,000 dock workers.

The Longshoremen bowed to federal pressure, applied from the top by President Eisenhower, and went back to work pending further efforts to work out new contracts with employers.

A federal court order issued here Thursday night brought an end to the eight-day walkout that stranded over 200 freighters in harbors along the Atlantic and Gulf coasts. Judge Irving R. Kaufman, acting under the Taft-Hartley Act at government request, issued a temporary 10-day restraining order.

Comply Promptly
The International Longshoremen's Assn. complied with the order immediately, sending back-to-work telegrams to all its locals.

A major task was to get an estimated 30 million dollars in perishable goods out of ships' holds and on the way to buyers.

Struck ports handled 81 per cent of the nation's dry cargo shipments. None of the big passenger liners were seriously hampered but thousands of tons of cargo were stranded and rail shipments to the two coasts were canceled to prevent pileups on the docks.

Hearing October 15
Kaufman set a hearing for Oct. 15 when the court will hear arguments on whether to order an injunction for 70 more days.

The Taft-Hartley Act provides for a return-to-work period of up to 30 days, during which new efforts can be made to reach agreement.

The U.S. attorney general's office went into court for the injunction Thursday at the direction of President Eisenhower, who had termed the strike a danger to the nation's welfare.

A spokesman for the New York Shipping Assn., representing waterfront employers from Maine to the Carolinas, said negotiations with the IILA would resume Oct. 19.

Asking Pay Raise
The delay, arranged with the longshoremen, is designed to allow for a return to full normalcy in port operations before talks.

LUNIK III DUE FOR REVERSAL

MOSCOW (AP)—Lunik III today approached the point-of-return for a sweeping orbit around the earth after its flight behind the moon.

On emerging from the moon's field of gravity, the speed of the space vehicle slowed steadily. It was last reported making only half a kilometer a second—compared to the moon's one kilometer a second. A kilometer is five eighths of a mile.

The 614-pound flying laboratory is expected to begin its return journey by Saturday. It was reported 278,200 miles from the earth Thursday.

Equipment Perfect
The Soviet news agency Tass said all equipment aboard is still functioning perfectly.

There was still no official indication, however, whether the satellite had succeeded in taking the first picture ever made of hidden side of the moon or of what data was sent back.

MEXICO CITY (AP) — Mexico defeated the United States, 2-0, Thursday night in the first of their two amateur soccer games to decide which will get to compete in the Olympic Games in Rome next year. The second is scheduled Nov. 15 in Los Angeles.

Morgan Calhoun, plant superintendent at Onkers Raceway, says the racing strip at the harness track was worn down seven inches following 115 nights of racing.

The union has asked a 40-cent hourly wage raise and increased fringe benefits. Wages had averaged \$2.80 an hour.

Shippers had offered a 30-cent hourly package increase over a three-year period in return for more freedom in using automation in cargo handling.

The IILA rejected the automation demand, claiming it would force workers out of jobs.

LODGE CITES BIG CHALLENGE

WASHINGTON (AP) — Ambassador Henry Cabot Lodge said today the millions of people in underdeveloped lands constitute a bigger challenge to the free world than the challenge of communism.

The chief U.S. delegate to the United Nations called for a sweeping campaign by American citizens to "work as hard for the triumph of freedom and decency" as the Communists are working to sell their cause.

In an address before the National Press Club, Lodge warned that many of the countries on the sidelines "in Asia, Africa and the Middle East do not by any means take it for granted that the Western-style of freedom is better than communism."

He said there can be no doubt that the free world is in competition with a militant communist leadership, he added:

"If we do what we are capable of doing, the Soviet Union will never surpass us."

One of the ways to gain popularity in the underdeveloped countries, Lodge said, is to increase foreign aid, especially the aid channeled through the United Nations and its agencies.

CANADIENS WIN OPENING GAME

By THE ASSOCIATED PRESS

The date and the opponent were different but otherwise it was the same old story as the Montreal Canadiens opened defense of their National Hockey League title with a victory.

Not quite six months ago, the Canadiens wrapped up their unprecedented fourth straight Stanley Cup playoffs with a 5-3 victory over the Toronto Maple Leafs. Thursday night they started in quest of another with a 4-1 decision over the Boston Bruins at Montreal.

The Canadiens, who chose to stand pat with last year's high powered outfit, scored at 14:16 of the opening period by Maurice "Rocket" Richard. Andre Pronovost added two in the second period with sophomore Ab McDonald sandwiching one in between them.

There is no action in the league tonight but all six clubs take to the ice Saturday night. Chicago's Black Hawks will be at Toronto. Detroit plays at Montreal and New York at Boston.

Girl, 14, And 3 Brothers Perish

FENTON, Mich. (AP) — A girl and three of her brothers died in a fire today that swept a wooden wing of the make-believe castle showplace in which they lived.

Victims were Shirley McKuen, 14, and her brothers, Lawrence, 13; Stanley, 11, and Donald, 10. All were sleeping on the second floor of a wing to "Tryon's Castle."

Police said the blaze apparently had been caused by an improvised shield over an oil burner in the girl's bedroom.

The victims were children of Mrs. Grace Tryon by a previous marriage. Both she and her husband, William, escaped injury.

The main structure of the so-called castle, a structure of stone, brick and concrete suffered little damage. On the lines of English castles, it was built by William Tryon's father, Roy, of the Dow Chemical Co. The main building has a maze of tunnels and rooms.

Four Properties Are Transferred

Deeds have been filed in the office of the register and recorder for the following property transfers:

Schwartz, Mt. Joy Twp., to John D. and Alda J. Clapsaddle, Mt. Joy Twp., a lot in Mt. Joy Twp., \$100; Leroy E. and Nadine G. Hoffheins, Donald B. and Alice C. Smith, all of Borough of Hanover, York County, and Paul R. and Geraldine B. Verdier York County, to Raymond W. and Joan V. Shaw, a tract of land in Conewago Twp., \$75.

FUNERAL ON THURSDAY

Funeral services were held Thursday afternoon for Mrs. Mary Elizabeth Gillelan, 76, who died at the College Manor Aged Home, Lutherville, Md., on Tuesday. The Rev. Dr. Paul C. Warren officiated at services in the Wilson Funeral Home, Emmitsburg, and interment was in the Lutheran Cemetery, Emmitsburg. The pallbearers were: Aaron Adams, Dr. J. W. Houser, Frank Weant, Clarence Frailey, Joseph Sullivan and Rodger Adams.

SOWERS RITES THURSDAY

Funeral services were held Thursday afternoon for Mrs. Fannie Sanders Sowers, 79, who died at the home of her son-in-law and daughter, Mr. and Mrs. Howard Johnson, Beaver Falls, on Tuesday. The Rev. Otto Kroeger officiated in services at the Wilson Funeral Home, Fairfield, and interment was made in the Fairfield Union Cemetery. The pallbearers were Harvey Walters, Mac Sites, John Shultz, Hiram Miller, William Schultz and Paul Newman.

It is a time consuming job "but at the end you have an arrangement that will last for several seasons."

The borax method is used to retain the color of the flower. "In this method," she said, "a shoe box is used with six to eight holes punched in the bottom for the stems to go through. Then a layer of 20 Mule Team borax is sifted in lightly to about three-fourths of an inch. The flower is then put in the box and the stem is put through the holes. Next, another thin layer of borax is sifted over the flowers and the box is covered. The box is then placed over another box so that the stems are not damaged. The process takes about three days for the average flower," she said.

"After this period," she added, "the flowers are carefully taken out and the borax is dusted off with a small brush. This is the hardest part of the process, since the borax gives a dust quality to the flower and is hard to remove."

Use Wire Stems

The secret of using dried flowers advantageously, she pointed out, is in putting wire stems on each flower immediately after they are dried. "If you wait to add the stem the flowers become brittle and are hard to work with. By adding the stem the flowers are easy to handle and arrange."

A wire stem can also be used in crab apples to give color to an arrangement. They can be wired by placing the wire through the apple so that it forms a wire stem and then bunching the apples together by their stems.

"Dried fruits also make a lovely arrangement. To dry them put them in a cold place where they will dry out but not rot. This process takes a long time but the fruit keeps indefinitely."

A holiday idea came in the form of a wreath of dried materials. For this Mrs. Hoff suggested using a metal frame and marking it off in sections and then putting the same things in each section to give an even, symmetrical appearance. Pine cones, nuts and seed pods can be used and for a decorative touch a large bow can be added, she said.

Honorary Members

Two members of the club were honored. Earl E. Carey was made an honorary life member of the club in recognition of the assistance he has given to it. Mrs. Earl Carey, past president of the club, was honored by having her name presented for the Book of Memory in the national headquarters of the Garden Club Federation of America, St. Louis, Mo. Mrs. Pitzer presented her with a corsage.

Others who were recognized for their work with the club and the community were Mrs. Jacob Deatrick, Mrs. P. J. McGlynn, Mrs. J. Henry Donahar, Mrs. Donald Horst, Mrs. George Slaybaugh, St. Paul's Lutheran Church, Trinity United Church of Christ and the Upper Adams School System.

Allen Installs New Officers For Lentz Post: Officers to head the Albert J. Lentz post No. 202 of the American Legion for the coming year were installed by District Commander Jerry G. Allen, superintendent of the Scotland school, at the regular post meeting Monday evening.

The staff of officers inducted by Commander Allen includes: Commander, Paul M. Rohrbaugh; first vice commander, Howard Strausbaugh; second vice commander, Raymond Fridinger; adjutant, Edgar A. Moser; finance officer, James Howe; chaplain, Kenneth Johns; trustee, Joseph E. Smith; historian, William A. Allison; sergeants at arms, Russell Shetter and Joseph Kendrick; service officer, Joseph E. Smith.

Resume Night Farm Sessions: Night classes for farmers in the Gettysburg section of the county will be opened Thursday evening at 8 o'clock in the agricultural work shop at Gettysburg high school, it was announced today by Elmer H. Schriver, vocational "ag" instructor at the school.

Mr. Schriver will instruct the class in the repair, operation and construction of farm machinery. The course will run for at least 20 weeks with three-hour sessions each Tuesday and Thursday evening.

Pick Staff For H.S. Year Book: Members of the Cannon Aid Staff at Gettysburg high school for 1945 have been appointed including Miss Ruth Spangler, advisor; Doris Gittlin, write-ups editor; Barbara Wolff, picture editor; Richard Fidler, advertising editor, and Robert Sheads, circulation manager.

Past Grands Welcome Head Of State Lodge: More than one hundred members and guests of the Adams County Past Grands Association attended the meeting in the Odd Fellows home here Tuesday evening when George Horn, Chambersburg, grand master of the lodge in Pennsylvania, was the guest of honor and principal speaker.

Lt. Dickert Is Awarded DFC As Pilot Of Fort: First Lt. Harvey W. Dickert, 21-year-old son of Mr. and Mrs. Henry C. Dickert, of East Stevens street, has been awarded the Distinguished Flying Cross for extraordinary achievement while serving as pilot on many high altitude heavy bombardment missions over Germany and German occupied continental Europe during the period ending September 11.

The citation accompanying the DFC stated: "Under the duress of heavy fighting attacks, anti-aircraft fire and often under adverse weather conditions, Lt. Dickert, by his superior airmanship, contributed to the success of all of these operations. The untiring effort, skill and determination under stress of combat displayed by Lieutenant Dickert are in keeping with the highest traditions of the Army Air Force of the United States."

Sheely Named Disaster Unit Co-ordinator: Judge W. C. Sheely, present chairman of the Adams County Council of Defense, was named disaster co-ordinator for the county at a meeting of the county commissioners Wednesday. The Emergency Disaster committee recently was organized in Pennsylvania in an effort to co-operate in the effort of the new group the Red Cross, Civilian Defense, and the executive officials of counties and municipalities in the event of emergency.

A former star athlete at Biglerville High School, Corporal Reinacker is married to the former Miss Kathryn Gulden. He is now at the Naval hospital at Oakland,

Today's Talk

BATTLE IT OUT

There is nothing easy about life. It's a battle all the way. But the individual can have plenty of victories throughout life. He can work his way out of the unprofitable and uninspiring. Life can be beautiful and well worth while. Dr. Dooley, with his handful of dedicated boys who are establishing a hospital on their own in far-away Asia, is an example of inspired service. Read Dr. Thomas Dooley's book, "The Edge of Tomorrow."

If we would be successful and happy in success, there is sure to be lots of battling—and most of it must be done by ourselves. I was amused by a little card in the Henry Ford Museum at Dearborn, Michigan. It said: "Help the other fellow," and Mr. Ford wrote in his own hand underneath, "To help himself!" That seems to have been Henry Ford's idea of universal democracy.

Mr. Ford himself did plenty of battling in his early life. Few have surpassed him. He kept thinking of the many, helping them to battle for themselves, while he led. He was a creator. Edison helped him to help himself. Here is a favorite line that has often inspired me: "He climbs highest who helps another up." On your way up do not travel alone! Take someone else with you. Someone with ideas and courage — someone who is not afraid.

There is a small book, called "Come Climb My Hill," written by Winston O. Abbott some years ago, but which inspires me anew when I read it today. He said: "It is to share with you the beauty that I have found upon my hill, for I have slowly learned that beauty has a mood for every need."

Tomorrow Mr. Adams will talk on the subject: "One Increasing Purpose"

THE DREAMERS

His friends all said it wouldn't do, His plan of work was wholly wrong, He couldn't hope to put it through; But still he plodded right along. "A dreamer," many scoffers said, And others muttered: "Foolish quiter!" But undisturbed he went ahead Because he felt that he was right.

Laughed at by strangers now and then, He found himself a thing of jest, And ceased to look for comfort when He paused at night to take his rest.

Wounded at heart, he plodded on, Still sticking gamely to his fight, Never admitting hope was gone, Because he felt that he was right.

He saw what others could not see, He knew what others did not know, With dreamers this must ever be, And dreamers oft are treated so. No great deed yet was ever done That sane men didn't jeer at sight; But oh! you dreamers, struggle on Because you feel that you are right.

Adams Apples At War Front: Apples processed at the M. E. Knouse plant, Peach Glen, are being served American troops in France and Corporal Ray W. Miller, of York Springs, a former Knouse employee, is driving one of the trucks which delivers the food to the fighting men at the front.

Corporal Miller informed his wife, Mrs. Helen Miller, that his assignment was driving a truck and that most of his cargo consisted of processed apples from the Knouse plant.

Dr. Salk Urges Four Polio Shots

PITTSBURGH (AP) — Dr. Jonas Salk who developed the famed Salk polio vaccine, says the reason four polio shots are needed is not to combat waning immunity, but because the first shot may have been weak.

Dr. Salk, making one of his rare public appearances, explained his backing for four polio shots before the Interurban Orthopedic Club meeting Thursday.

In another opinion, Dr. Salk said he thinks vaccine made with dead virus, such as the Salk vaccine, gives more protection than vaccines made with live virus.

IKE CONFERS FOR HOUR ON STEEL STRIKE

WASHINGTON (AP) — President Eisenhower conferred for an hour on the steel strike with four Cabinet officers today, but the White House refused to say whether a Taft-Hartley back-to-work injunction was imminent.

Press Secretary James C. Hagerty told newsmen that Secretary of Labor James P. Mitchell had reported on his conference in New York Thursday with President David J. McDonald and other top officers of the 500,000 striking steelworkers.

Others present today—including Secretary of the Treasury Robert B. Anderson, Atty. Gen. William P. Rogers and Secretary of Commerce Frederick Mueller — also gave Eisenhower reports on the dispute which has halted 87 per cent of the country's basic steel output for 87 days, Hagerty said.

"That's all I'm going to say now," Hagerty added.

Breakfast With Ike
The press secretary refused to state whether anything further could be expected from the White House today on whether—in answer to a reporter's question—the decision on invoking the 80-day cooling-off injunction machinery of the labor law "now is in the President's hands."

The Cabinet group and several others had breakfast with Eisenhower starting about 7:30 a.m., then went to Eisenhower's office for more talk.

Besides the Cabinet officers, the group included Hagerty; Chairman Raymond J. Saulnier of the president's Council of Economic Advisors; David Kendall, presidential legal counsel, and Wilson B. Persons, assistant to the President.

Eisenhower appeared to have only two open choices — a Taft-Hartley injunction to put the men back to work for a cooling-off and negotiating period, or some such move as asking the strikers and management to meet together at the White House.

MAY HOLD HEARING
HARRISBURG (AP) — The State Highways Department said Friday it will hold a public hearing, if requested, on the economic effect of the proposed modernization of the Gowen City-Helfenstein Road in Northumberland County.

The project is on a legislative route beginning 1.1 miles east of the intersection with traffic route 125 in Gowen City and extending easterly to the Schuylkill County line, a distance of 3.36 miles.

HOOVER RAPS UPHEAVAL OF LAWLESSNESS AMONG YOUTHS

In the current Bulletin of the United States Department of Justice, J. Edgar Hoover, director of the FBI, made the following statement:

"One of the most shocking developments in our present American society is the volcanic upheaval of youthful lawlessness. Long indifferent to the problem of juvenile crime, the public now stands appalled at the spectacle of rampaging teen-age criminals. This tragic consequence of public apathy is now at a crisis and calls for an all-out counterattack against vicious youth thugs."

"Blazing headlines of torture, sadism, murder and gang warfare tell the deprecations of teen-age menaces. The black figures of crime statistics present an even more doleful account. In 1958, arrests of juveniles under the age of 18 increased eight per cent, while arrests of adults rose 1.8 per cent. Alarmingly, not only the frequency of youth crimes but the savagery of these offenses is mounting day by day, year by year."

"Frightening Proportions"
"The problem of youthful crime—truly a monster of frightening proportions—exists not only in the densely populated metropolitan centers, but in each and every community in the land. Violent crime sprees and the bizarre escapades of young hoodlums, wily and hardened beyond their years, fire the imagination of other young punks across the nation. Unfortunately, any escape from justice by youthful lawbreakers—through weak court systems, public indifference, soft-headed sentimentality, senseless preference for the rights of the criminal instead of for his victim—can only give encouragement to other young thugs."

"Action against this youth menace must not be delayed. Past public ignorance of the problem, misguided sentiment for the 'tender age' of these lawbreakers, and the fallacy of economizing in the quantity and quality of our juvenile courts must be abolished. It is imperative that the American public stand shoulder to shoulder with the undermanned and overburdened law enforcement authorities in combating the youth crime attack."

"It is my firm conviction that the all-out campaign against these flagrant young criminals who commit serious crimes must include publishing their names and crimes for public information, the ready availability of past records for the information of appropriate law enforcement officers, and fingerprinting of these young lawbreakers for future identification."

"A valuable ally in the fight against crime, the news media of the nation can afford further public service in focusing the spotlight of public opinion on those

members of the judiciary who, in the face of the present crisis, persist in endangering the public by unleashing young terrorists apprehended at great risk by law enforcement officers.

"Parents, who through bad example, indifference, or lust for worldly gain, inflict upon their fellow men the scourge of vicious offspring deserve to sell the sting of public indignation and to face legal and financial responsibility for the criminal acts of their children."

"At this time, when the increase in youthful crimes constitutes the bulk of the shameful rise in our national crime, serious consideration should be given to lowering the age distinction between a juvenile and an adult violator. We are dealing with vicious young criminals, and they should be treated as such."

"The prevention of juvenile destruction lies in the establishment of juvenile discipline. Assuredly, this is the responsibility of every individual interested in his own safety and the welfare of his country."

Lehigh And Bullets Meet Here Saturday At 1:30; Visitors Use I-Attack

A large crowd is expected to watch the Gettysburg College Bullets make their first home appearance here Saturday afternoon when they meet always troublesome Lehigh University in Memorial Field in a Middle Atlantic Conference University Division game. The kickoff will be at 1:30.

Lehigh, one-touchdown victim of both Delaware and Cornell after bitter battles, is confident of taking the measure of the Bullets, 1-1, and rules a two-touchdown favorite.

After last week's 36-12 victory over Drexel Tech, Coach Gene Haas came to this conclusion, "We were pleased that the offense moved the ball for the first time. We did gain on the ground and in the air, but we're still not satisfied with our ground attack. Our passing was adequate, but if we intend to pit a well-balanced offense against the remaining tough teams this season, we're going to have to have a stronger ground attack. This is one thing we'll be stressing this week."

Leading Ground-gainers
Eddie Lucas, Eddystone, and Rich Davidock, Summit Hill, are pacing the Bullet runners after two games with 88 and 67 yards, respectively. The team has a net total gain of 192 yards as compared to their 188 yards in the air. Haas indicated he will try more running plays against the Engineers.

As for Gettysburg's defense, Haas said, "The defense is tremendously improved. It was gratifying to see that we gave up only 28 yards in the Drexel game. We did give up quite a few yards passing, but this was to the fact that the tackling after the passes were completed was so bad. On a number of occasions a pass that should have gone for five or ten yards went for 50 and 60 yards because we missed key tackles."

Saturday's game will be the 28th meeting between the two schools. Lehigh holds the upper hand with 14 wins against nine setbacks and four ties. Last year Lehigh and Gettysburg played to a 14-14 tie. The longest winning streak for the Bullets came between 1926 and 1946 when they racked up eight of their nine wins.

Davidock and Lucas will once again provide the ground attack for the Bullets while Ed Books, Bowling Springs, and Earl Little, last week's nomination for All-East quarterback and sophomore of the week, will handle the passing when needed.

O'Malley Leads Line
Tom O'Malley, who was named All-East first team center in the weekly balloting, will head the Bullets' forward wall. Frank Temme and Jim Hess will be at guards while Frank Woodruff, who is coming into his own, will team with Mike Pacilio at tackles and the ends will be composed of Lance Butler and Chet Knight, who accounted for one of Gettysburg's touchdowns.

"Lehigh is always very good and well coached," Haas said. "We realize they are going all out to win this game after dropping their first two. Quarterback Bob Sheu had a good day against us last year, and we are concerned with his passing potential. They are going to use at least two units, making it mandatory that we use two teams."

Lehigh has 10 lettermen on its squad and two who will lead the Engineers against the Bullets will be well-remembered in the come-from-behind 14-14 tie gained by Lehigh here last year.

Lone Senior Starter
Scheu, junior southpaw quarterback, is again directing the Lehigh attack which this year features an I-formation. He is a fine passer as well as field general. Up front will be Walt Meincake, 215-pound tackle, who will be the lone senior on the starting outfit. He was a standout in the losses to Delaware and Cornell and was picked to the ECAC All-East squad last week.

A sophomore, Boy Taylor, 200, has been the Engineers' leading ground-gainer to date, picking up 99 yards against Delaware and 43 against Cornell.

Coach Bill Leckonby has announced he will make five lineup changes against the Bullets. In addition to Taylor, Charles Lull will draw the starting assignment at fullback; John Larimer will start at halfback; Reed Bobovich,

Gettysburg Junior High's football team got started too late in its game here Thursday evening with Waynesboro and dropped a 13-12 verdict in a hard-fought South Penn Junior High League game.

After a comparatively poor first half, when they trailed 13-6, the Braves played much better ball in the second half and almost gained a deadlock, missing on the vital conversion try after a fourth period score on a grounded pass.

Waynesboro scored in the first period after the stage was set on a recovered fumble on the Gettysburg 45. The visitors drove to the one-yard mark from where Diehl plunged over. Another plunge for the point was smothered.

Deadlock Score
Gettysburg also profited on a recovered fumble early in the second frame which gave the Braves possession on the visitors' 40. Coach Don Bickel's outfit swept down the field for a first down on the five and a short time later Joe Riley went off-tackle from the three to tie the score. A plunge for the point was stopped.

Later in the quarter Waynesboro worked the ball into Gettysburg territory and the score came when Overcash flipped a pretty 15-yard pass to Mowen in the end zone. Diehl added what was to prove the winning point when he circled end for the extra point.

Heavy showers hampered play in the second half as the ball was kept mostly in midfield.

Later in the final period the Braves started a drive which wound up with Riley going off tackle from the five. A pass on a fake placement for the point fell incomplete and 30 seconds later the game ended.

Next Thursday the Braves travel to Shippensburg for another league game at 3 p.m.

The lineups:
Gettysburg
Ends — Beeler, Kump, Schultz
Tackles — Clapsaddle, Guise
Guards — Helwig, P. Plank
Center — Zeigler
Backs — Longenecker, D. Miller, R. Miller, Olson, G. Plank, Riley.

Waynesboro
Ends — Bumbaugh, Smith, Rowe
Tackles — Hoover, Waltz
Guards — Reiber, Heikes, Sulanke
Center — Easterday
Backs — Mowen, Ankerbrand, Diehl, Overcash, Keller, Price

Score by periods:

Gettysburg — 0 6 0 6-12

Touchdowns: Gettysburg, Riley 2; Waynesboro, Diehl, Mowen, PAT, Diehl, run.

EXECUTIVE RESIGNS

SAN FRANCISCO (AP) — Robert L. King resigned as executive director of the 1960 Winter Olympic Games Organizing Committee Thursday saying he had a job offer that couldn't wait.

Committee Chairman Prentiss C. Hale accepted the resignation, effective with 30 days, with regret and wished King well in his new, but unannounced post.

SMU BATTLES MISSOURI GRID TEAM TONIGHT

By JACK CLARY
Associated Press Sports Writer

Don Meredith, Southern Methodist's highly touted quarterback, is supposed to come into his own tonight when the Mustangs face Missouri at Dallas. The inter-sectional game kicks off a rip-roaring college football weekend.

Just why Southwest football observers feel that Meredith isn't up to his usual par is hard to understand. SMU has a 1-1 record, scoring five touchdowns. Meredith has been involved in four. He has thrown three touchdown passes and scored one on a short run.

Coach Dan Devine of Missouri isn't commenting on a Meredith "surge" for he has already felt the sting of Penn State's Richie Lucas, who completed 10 of 11 in handing the Tigers their only loss, 19-8.

Badgers Vs. Purdue

Other top games tonight find West Virginia at Boston University, Detroit at Tulane and Oregon at San Jose State.

Saturday the fur flies — and in large gobs in Knoxville, Tenn., Lafayette, Ind., and back again in Dallas' Cotton Bowl.

Georgia Tech and Tennessee meet in Knoxville in a battle of defenses that promises to rock the Southeastern Conference. The winner can draw a bead on Louisiana State's SEC title, though only the Vols play LSU.

Ninth-ranked Wisconsin travels to Lafayette to meet Purdue (No. 7) to see if it can live up to its pick to be the Big Ten's champ and Rose Bowl participant.

Sooners Vs. Texas

In Dallas Oklahoma comes to meet fourth-ranked Texas. Coach Bud Wilkinson's Sooners are 1-1 but on the upgrade following the disastrous 45-13 opening loss to Northwestern. The game is being televised regionally in the Southwest.

Top-ranked Louisiana State (3-0) plays Miami (Fla.), whose Hurricanes have emerged with a solid defense. Second-ranked Northwestern plays Minnesota, with the Wildcats also eyeing a Big Ten title after beating Iowa last week.

Fifth-ranked Mississippi pits its 3-0 record against SEC neighbor Vanderbilt, a two-touchdown underdog. The other member of the Associated Press' top ten in action is tenth-ranked Iowa, who plays Michigan State in a game that is regionally televised in the Big Ten area.

Oyster Bowl Game

The season's first bowl game — the Oyster Bowl, at Norfolk, Va. — pits power-packed Syracuse, with its second-ranked (415.5 yards per game) offense and top-rated defense (48.0) against Navy, who will get only limited service from top ground-gainer Joe Belino.

Penn travels to Princeton for a good shot at the Ivy League title and Penn State matches passes with Army at West Point in the East's top games. Florida State is at Virginia Tech for the South's regionally televised game.

VON CLAY TO FIGHT CHAMP

By RALPH BERNSTEIN
Associated Press Sports Writer

PHILADELPHIA (AP) — Young Von Clay who hoped to be in the position of an upsetter tonight now finds himself the upset target.

The unbeaten Philadelphia light heavyweight originally was scheduled for 10 rounds against Jesse Bowdry, highly rated St. Louis beller. Bowdry, ranked third by the National Boxing Assn. and fourth by Ring Magazine, pulled out of the fight. He told promoter Herman Taylor he had a virus and was advised by a physician not to fight for at least three weeks.

Champ Is Selected

Taylor then signed unranked Kid Sixto Rodriguez, California state light heavy champion, as the opponent for Clay in the nationally televised (NBC) bout. Rodriguez sports a 24-1-1 record. Clay is rated fifth in the division by NBA and sixth in Ring Listings. The 20-year-old slugger has eight kayos — five straight this year — among his 10 victories. A draw he later avenged is the only mark against the youngster.

Clay had hoped to use Bowdry as a stepping stone to a bout with Archie Moore, light heavyweight champion.

Warriors Host Wildcats Last Time Tonight

Tonight the Gettysburg-Mechanicsburg High School football series comes to end when the teams meet here at 8 o'clock in the South Penn Conference game. From all indications, the game should be an evenly contested affair.

Mechanicsburg drops from the conference at the conclusion of the football season. In the 40-year-old series the Wildcats hold a 20-8 edge with four games ending in ties. Gettysburg won last year 24-7.

Biglerville High also has a home engagement tonight, hosting Cumberland Valley in a Lower Susquehanna Conference game.

Delone and Littlestown have games scheduled on Saturday. Delone meets York Catholic at McSherrystown at 2:30 while Littlestown plays at Central, North, in the afternoon at 2.

DODGERS ARE HAPPY; SOX AREN'T SAD

By JOE MOOSHL
Associated Press Sports Writer

CHICAGO (AP) — The Dodgers were happy and the Sox weren't sad.

That was the summation of the two dressing rooms Thursday after the Los Angeles Dodgers had defeated the Chicago White Sox 9-3 to take the 1959 World Series four games to two.

Dodger utility man Don Zimmer shouted "so the Coliseum got 'em" in reference to White Sox remarks of having to play in a makeshift park in Los Angeles.

Ready For Rest

But the White Sox weren't taking him up on it. For them, the long, tense season was over and they were looking for a rest.

White Sox and major league officials pushed their way into the Dodger dressing room to offer congratulations to Manager Walter Alston. And Alston was smiling from ear to ear.

"This victory seems bigger to me right now than the 1955 championship over New York in seven games," said Alston. "This was a better team effort. It was the hardest working team I've ever had. I can't single out any player as our key man. But I'll say I've never seen a kid so young so good as Larry Sherry."

Swarm Over Sherry

Sherry, the 24-year-old relief ace, was swarmed under by well-wishers and newsmen. "I had good luck, they were swinging at my pitches, I just wanted to get the batters out," were Sherry's routine answers to routine questions.

Coach Chuck Dressen, who was ejected from the game in the fourth inning after a hassle with Umpire Ed Hurley, said: "We beat those White Sox at their own game. We outman them, and Lord knows we sure outhit them. We were very satisfactory. We just played better."

"One Of Those Things"

After shaking off the effects of having lost, the White Sox settled down and went about their business of getting home for the winter.

Manager Al Lopez called the loss "one of those things. We lost the ones we should have won. This one we were never in. We had our chances in the series, but just didn't make it."

Team members went around shaking hands with each other and wishing each other "a good winter."

Racing Season To End At Grove

WILLIAMS GROVE—Two more hard-riding rim-riders from the midwestern banks today joined the field of western invaders coming in for Sunday afternoon's annual Ted Horn-Bill Schindler Memorial Trophy Race closing the 1959 sprint car racing season in the east on the Williams Grove Speedway.

They are Al (Cotton) Farmer, of Ft. Worth, Tex., and Bud Tingstad, of Dayton, O., both of whom will be making their second appearance on Roy Richwine's half-mile oval.

Farmer, a former NASCAR late model racing star, and Tingstad, top performer on the IMCA big car circuit before switching to U. S. Auto Club competition, will join Gene Hartley, of Indianapolis, the 1959 USAC midwest champion, in an attempt to hold the eastern stars to a stand-off.

Playoff Series Resumes Sunday At Taneytown

Fairfield and Taneytown will meet in their second game of the best-of-three series for the playoff championship of the Pen-Mar Baseball League at Taneytown Sunday afternoon at 2 o'clock.

Taneytown won the opening game 3-1 last Sunday at Fairfield and can clinch the title with a victory. If Fairfield wins to even the series the third game will be played Sunday, October 18, at a site to be determined.

HANOVER AND HERSHEY PLAY GAME OF WEEK

By FRED WALTERS

HARRISBURG (AP)—The shifting fortunes of scholastic football have put the spotlight on Hanover and Hershey in the South Penn Conference.

Hershey defeated defending champion Carlisle last week, 7-0, to set up its meeting tonight with Hanover in the "game of the week."

Each team is unbeaten in four games although Hershey was tied by neighborhood rival Palmyra 6-6. Hanover has defeated Delone Catholic (of McSherrystown), Chambersburg, Mechanicsburg and Middletown. Hershey has beaten Milton, Hershey and Waynesboro in addition to its big Carlisle victory.

Hanover Has Edge

It has been six years since Hershey won a conference title and 12 years since Hanover was champion.

It looks as if Hanover's stronger scoring power and home field advantage will give it the edge in this key game that should decide the 1959 South Penn championship.

In other games around the state:

Other Top Games

Ambler at Souderton—Souderton is making a strong showing in the Bux-Mont this year but defending champion Ambler appears good enough to win.

Easton at Neshaminy—Neshaminy is a fast-rising power in the east. In this game it is stepping out of Lower Bucks County competition to meet independent Easton, possibly the best in the east. Easton is the choice here, but don't underestimate Neshaminy.

Lancaster at William Penn (Harrisburg)—Lancaster is emerging as a dark horse in the Central Penn. If William Penn is going to live up to its preseason expectations it will have to win this one. The choice is Penn in a toss-up.

Selinsgrove at Chief Logan—Both teams have come up with key victories in the Susquehanna Conference this season. Selinsgrove so far has been more impressive and is the choice to beat Chief Logan.

Mount Lebanon at Washington—Both teams are contenders for the WPIAL-AA championship. Mount Lebanon is picked to win a close one.

'Remember The Sabbath; Keep It Holy'

By REV. DR. NORMAN S. WOLF
"Remember the Sabbath Day to keep it holy." Exodus 20:8

When God's people — the Children of Israel — were being transformed from their age-old patriarchal way of government into a national status, they were given a divine code of laws at the center of which stood the Ten Commandments, the supreme and unalterable moral law which incorporated duties to God and to men, not only for themselves but for all age to come. Not all the world's paganism, wickedness nor our vaunted modern materialism have rendered them null and void. They are universally conceded to be the definitive pronouncements of what is right throughout the totality of man's behavior towards God and towards man.

To them Jesus bore unwavering testimony and summed up their demands succinctly thus: "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind," and further delineated their sway, saying: "Thou shalt love thy neighbor as thyself."

Sabbath Is Shifted

With the coming of the Christian era the observance of the Old Testament Sabbath shifted to the first day of the week, not expressly by divine command, but because of the impressive circumstances which attended its inauguration: the resurrection of Jesus on the first day of the week; the apostles honored the resurrection by choosing the first day of the week for worship; on that day the Holy Spirit was given to be the clarifying and enabling Agent for the Christian Church unto the end of time.

There are some folk who deny the validity of this shift, both among the Gentiles and certainly among the Jews. With them we can have no quarrel. St. Paul makes that impossible for reasonable people by saying: "One man esteemeth one day above another. He that regardeth the day, regardeth it unto the Lord. Let every man be fully persuaded in his own mind."

Hinges On Spirit

Whether then the seventh or the first day of the week is preferred for observing the Divine Commandment, the value and blessing promised for observance hinge not on "the day" but on Spirit-informed and inspired "love for God and for man." For carrying out the full intent of the Sabbath Day, the substitution of the first day of the week for the seventh neither alters nor relaxes man's obligation to "keep it holy." Jesus set the example in two ways: by worship—"going into the synagogue on the Sabbath Day as his custom was;" by defining permissible activities, saying: "It is lawful to do good on the Sabbath Day." The kind of "doing good" which meets the requirements of this dictum places man under the responsibility of being exceedingly careful in determining what is appropriate. Unless decisions are made with an eye single to fulfilling the "royal law of love" and in answer to the question — "What would Jesus have me do?" Sabbath observance must fall far short of Divine approval and blessing.

"Blue Laws"

The invoking of "The Blue Laws" on a growing front indicates that men and women are becoming keenly aware of the threatening dangers, both subtle and destructive, which attend the neglect and defiance of God's "REMEMBER." Within the memory of older folk Sabbath Eves gave evidence of a legal respect for the day. At the close of Saturday's business heavy blinds were drawn full length to screen out of sight the merchandise displays in the show windows. Such a respect has long since given way to the garish attractions in all show windows, with doors sometimes ajar, inviting customers to enter.

But far beyond legal restraints and the distinctions drawn between saleable and forbidden merchandise to be offered on the Sabbath Day, rises the far more meaningful appeal for Sabbath keeping from the heart. Legal requirements never suffice for enforcement of moral law. They may be a deterrent, weak at best.

Beyond contradiction, one of America's most devastating sins in the flagrant abuse and misuse of the Sabbath Day, turning it into a carnival of worldliness with all the sinful consequences arising therefrom. Though it still is the American boast that more people "go to church" than in other so-called Christian nations, that does not alter the definite impression given and the worldly tone prevailing. An aggressive effort to regain high grade Sabbath observance is scarcely in evidence, even among church folk.

No Secondary Rating

The Sabbath Day — whether the first or the seventh day — rates an obligation on a par with its companion.

SOLITARY SAILS

In the last glow of the sunset, this sailboat seems to be alone in the vastness of the sea. And yet it isn't. Were this boat suddenly to get into trouble, helping hands would swiftly come to the rescue.

So it is with life. At times you may feel very much alone—yet in reality you are not. For if you didn't have a single friend in the world, you would have the Church.

The Church welcomes everyone—and that's a pretty big thing when you stop to think about it. It means that always there is a door open to you. You have but to turn the knob.

Chart a new course for yourself. Start going to church. When you do, you'll find that your voyage through life has acquired fresh purpose.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

BERMUDIAN JUNIOR HIGH BEATEN 27-7

The Bermudian Seventh and Eighth Grade football team lost a 27-7 decision to Boiling Springs on the latter's field Thursday evening. Originally the game was scheduled for York Springs.

Myers, Bubbler quarterback, tossed three touchdown passes for the winners, connecting twice with Taylor and another time with Albert. The opening Bubble score was made by a run by Miller in the first period.

Bermudian registered its lone touchdown late in the final period when McDonald passed to Dave Bricker who raced 50 yards. Sammy Bricker added the point on a plunge.

The winners made seven first downs as compared to six for Bermudian. Bermudian connected on three of six first downs while the Bubbler hit on four of seven. Bermudian intercepted two passes and their opponents four.

panion commandments; whether of stealing, killing, committing adultery, cursing and swearing, lying about neighbors, dishonoring parents or "the green-eyed monster," coveting. In the sure reckoning of God, both with the individual and the nation, the Sabbath Day holds no secondary rating. The fate of the individual as of nations hangs as much on a faithful observance of this God-given commandment as on the rest, most of which, if not all, are universally conceded most worthy of obedience. Indeed, when viewed in its moral context, this commandment stands at the center of the full gamut of godly living. Thus we are reminded and should take heed that:—

"Though the mills of God grind slowly,
Yet they grind exceeding small;
Though with patience He stands waiting,
With exactness grinds He all."

No Short Cut Solution On Juvenile Delinquency

Editors: This is the second in a series of three articles on the problem of juvenile delinquency in Pennsylvania.

By RUSSELL LANDSTROM

PHILADELPHIA (AP) — The only sure thing about the complex problem of juvenile delinquency is there can be no short cut to a solution.

Authorities in Pennsylvania agree that it will be a long time before the causes, let alone the remedies, are fully understood.

It has become a commonplace to blame the wars — World War II, the Korean fighting, the continuing cold war — for dangerous unrest among the young. Many say the bloodshed and the horror left a dismal heritage of insecurity, depressed spirits and callousness about the wasting of human life.

Family Life Failing
Sociologists are inclined to blame what they consider a deterioration of family life — a high divorce rate, broken homes, or, if the homes are not actually broken, too many outside interests, too much of trying to

keep up with the Joneses, too many working wives and neglected children.

Some critics say the idolizing of youth for its own sake has led to laxity in both home and school; has forced parents to abdicate in the face of increasing demands by their children; has brought about unwholesome advertising appeals; as resulted in a nervous and sometimes neurotic accent on sex in the adolescent years.

Also held accountable for the breakdown of discipline among teen-agers are certain movies, television shows, magazines and books accused of presenting brutality and lust in exciting terms; racial prejudice, and overemphasis on material things.

Auto Is Factor
Most police officials, welfare workers and educators evidently believe that the automobile is a major factor in the misbehavior of boys. This may be taken as a composite view.

The teen-age boy creates a shadow world for himself, a world centered around a car, which gives him an exultant sense of

power, and around the corner diner, pool room, hamburger or pizza joint. A fast car, a hangout, a few pals. Adults have little place in this scheme of things. The setup is just right for distortion of the teen-ager's personality. Withdrawn in an unhealthy way, giving loyalty to gang or to grotesque hero, the juvenile becomes emotionally unstable, restless, roving, alienated from his elders, his values mixed.

Curfew Valuable

One means of controlling juveniles is the curfew, regarded as a success in some Pennsylvania cities and towns, and no great help as a crime deterrent in others.

Paul D'Ortona, city councilman who is known as the father of the curfew in Philadelphia, says:

"There is no doubt about it, from our experience, the curfew is a highly valuable weapon against juvenile delinquency. It gives us a solid way of controlling young people, of keeping them off the streets at night and out of the clutches of criminals. We feel also that it helps to get across to parents that they cannot escape their responsibilities."

But Johnstown's police chief, Charles R. Griffith, feels that "the behavior of juveniles should be, and in our district usually is controlled by the parents." Johnstown has no curfew law.

Flaws In Curfew

"The burden should lie in parental authority," is the conviction of one southeastern Pennsylvania official. He added: "In my honest opinion, the public too often has a tendency to overlook the seriousness of violations committed by juveniles, principally because of the tender age of those involved."

Windber Borough, in Somerset County, has a curfew, but there is no noticeable display of enthusiasm about it among officials. Police Chief James Quinn says: "A curfew only gets the good kids home. The small percentage of juvenile offenders in this community will ride to some other place to cause trouble. This exempts them from the curfew."

Quinn's sentiments are seconded by plenty of others.

Most Fires In County Are Due To Carelessness, Says Marshal; Urges Caution

Fire insurance agents and companies and fire fighters have worked hand in glove for more than a century to help promote public interest in fire prevention, and their efforts to a large extent have helped bring down losses from flames.

But both admit they have a long way to go to keep fire under complete control. Fire prevention in the long run is up to each individual and most fire losses are due to carelessness, a local agent said.

Adams County Fire Marshal John Murren claims 90 per cent of the fires in Adams County could have been prevented by more care on the part of individuals.

While the first fire companies came into existence in the U. S. as a result of the efforts of the first fire insurance companies, communities later established fire fighting units on their own.

First Department
Gettysburg, when it was founded in 1806, had among its first ordinances one setting up a fire department in which every male citizen over the age of 12 and under the age of 60 was directed to take part. Most of the men were assigned to bucket companies and each had to provide his own bucket to help carry water to the blaze.

Gettysburg was reported as not having a really costly fire for many years after its establishment, but one of the town's bigger fires wiped out the tavern of James Gettys, founder of the town.

Fire insurance was introduced here early in its history. The amounts listed, \$150 to \$300 for a house, \$50 or \$100 for a barn, seem ridiculously low now, but probably covered the entire construction cost at that time.

Through the years Gettysburg and Adams County have developed a group of experts in the fire insurance line who have provided fine service to residents of the community.

Early Agent
Among the older established fire insurance agents in the town is Philip R. Bikle, Lincoln Square, who this year marks 42 years of services as an agent, having started his agency in 1916 shortly after resigning as editor of the Gettysburg Times.

Through the years Bikle and the other agents in the county have become expert in assisting residents in insurance coverage.

Along with the types of insurance available to cover fire danger, the fire companies of the county have also become more expert and more skillful through the years.

Where once nothing existed but the bucket brigade, either formed voluntarily or as a result of bor-

ough ordinance, now 25 fire companies are established in the county with new and modern equipment designed to meet any type of fire and linked together by a radio network.

Long History
Gettysburg's fire department lists 150 years of history: Littlestown's Alpha Fire Company will observe its 75th anniversary next year; many of the fire companies have been in existence for a half century and many are 25 or more years old.

Most current addition to the fire network in the county is a county-wide "quick call" system now being installed in the various engine houses. When completed the system will permit the sounding of the siren in any fire house instantaneously from the Gettysburg

Civil Defense firemen's central radio station. Designed specifically for CD work, so that the alarm can be given immediately in the event of a CD alert, it will be used also to summon fire companies as needed to assist other companies. As a result all equipment in the county could, if needed, be dispatched to one spot within minutes.

While the county now has fire equipment and trained firemen to handle any type of fire, "the best way to stop fires is at home or in the plant or office before they start," William G. Weaver, county CD director said. "Firemen can put the fires out; but each individual can see that they don't start."

SAO PAULO, Brazil (AP) — A rhinoceros named Cacareco—a write-in candidate—polled more votes than anyone else in Wednesday's election of city councilmen. Election officials conceded Cacareco 8,000 votes.

PA. BUSINESS INDEX DROPS; PRICES CLIMB

UNIVERSITY PARK, Pa. (AP) — Pennsylvania's general business index, feeling the effects of the steel strike, dropped 12 per cent between July and August, a statewide survey showed today.

Pennsylvania State University's Business Research Bureau reported, however, that the index was 6 per cent ahead of last year's figure for the same period. The index is based primarily on bank debits, industrial power sales and factory payrolls. The bureau said brisk activity in bank debits during August pushed the index to 171, a new record for the month.

Factory employment and hours in August were 10 per cent under the July level and payrolls were down 13 per cent. Factory employment was 6 per cent under last year and there were smaller declines in hours in payrolls.

Prices Creep Up
The bureau said that the steel shutdown's impact wasn't reflected in unemployment figures because the industry's workers "are not considered a part of the civilian labor force and therefore are not included in the unemployed figure."

It said the number of unemployed increased 0.1 per cent from July to August. The number was 358,000 out of a labor force of 4,487,000, or 7.7 per cent.

The survey showed that consumers' prices for all items "crept

CONSERVATION MOVE IS URGED

WAYNESBURG, Pa. (AP) — Maurice K. Goddard, state forests and waters secretary, said today the nation should be giving more thought to conservation of its natural resources.

In a speech prepared for delivery at the fall convocation of Waynesburg College, Goddard declared:

"It is time for all the interests in our society to sit down together and decide what kind of a society we want 25 years from now. Is it to be more and more highways with no place to go? Is it to be multiple-home developments, each a replica of the next one down the road without any intervening beauty to relieve the monotony?"

Earth Necessary
Goddard added that "no matter how ingenious his technology, man will always need the materials of this earth to survive. He needs them not only physically, but for his mental well-being as well. Man can stand just so much crowding and then he wants relief."

up to another all-time high of 124.7, although food prices were at the lowest level since May and 2.4 per cent under last August."

Areas that showed a gain in general business in August as compared to a year ago and the percentage of gain were: Erie 20; Harrisburg 4; Lancaster 8; Reading 14; Wilkes-Barre 6, and York 11. Losses reported included Allentown 8; Bethlehem 12; Easton 6; Pittsburgh 4, and Scranton 2.

Steel Strike Means Loss Of Millions, Perhaps More

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The steel strike's harm to the economy can only be estimated. But it has run into the millions. And before all its effects are over, it may run into the billions.

Because things won't be the same again for some time, even if workers are back at the steel mills for 80 days under a federal court injunction. There's a long time lead between orders and delivery of steel. An even longer one intervenes before any effects show up in consumer prices.

It's easy to figure how much the workers would have been paid if they had been working instead of striking—that is, assuming that they would have been working at the same pace as before the strike.

Estimate Simple
It's easy to figure how much tonnage the steel companies didn't produce and sell—that is, assuming their orders would have held up at the old prestrike rate.

And the loss in pay to railroad workers and coal miners laid off, and in earnings of their bosses, can be figured on the same basis—the assumption that the roads would have been carrying as much coal and ore and scrap and as much finished steel products since July 15 as they were before the strike started.

But what the users of steel in their own plants have lost in lower production, and their workers in layoffs or slowdowns, is harder to come by.

How much they stand to lose after the mills start up again, because consumers' inventories will be exhausted before steel shipments can replenish them, is even harder to estimate. Many think the loss will be quite high.

Many factories had to buy premium-priced steel to keep going, and many may have to buy still more after the mills reopen.

Merchants in the areas hardest hit by the strike and the layoffs can estimate how much trade, other than for necessities, they have lost. Many are wondering how much lower their Christmas trade may be, how much cheaper the presents will be, if any are sold.

Incomes Drop
The U. S. Treasury also is keeping a nervous eye on tax collections, since both corporate and individual incomes will be down wherever the strike hit hard. With the new federal budget in precarious balance at best, the long strike could be the Achilles' heel of the budget makers.

What the public stands to lose if a final settlement means higher prices for the basic commodity, only time can tell.

The long and bitter dispute could affect future management-labor relations in many lines. The public has come to look on the struggle over management's demand for a return to more control over its mill operations as a crucial one in labor relations. Labor, in and out of the steel industry, takes that view.

That is why so many people

Enforcement of the \$5 fine provided for violation will be lax—let's say, extremely lax.

Won't Be Enforced
"We don't expect to make any arrests as the purpose of the law will be to make women responsible for accidents which happen while wearing the illegal shoes," the commissioners said.

The shoe ordinance to be adopted Tuesday unless the commission gets cold feet, was prompted by approximately 50 injury lawsuits against the city in the past two years.

Blame High Heels
The commission blames the high, thin spike heels for women falling on sidewalks, causing "broken arms, skinned noses, twisted legs and loss of dignity." The narrow spikes tend to get caught in joints of cement on sidewalks and in gratings.

So here it is girls—no heels more than one inch high that are less than one inch in diameter.

DINERS SAY IKE'S WHIZ IN KITCHEN

By JAMES BACON

PALM SPRINGS, Calif. (AP)—President Eisenhower may not be Sam Sneed on the golf course but he's a whiz in the kitchen.

That word came today from several people who ate meals prepared by the nation's No. 1 chef. During the President's eight-day vacation at nearby La Quinta, he cooked every meal served at the George Allen home—23 in all.

His biggest dinner was an outdoor steak barbecue Sunday night when 14 guests showed up with desert appetites. One guest admitted that he had some misgivings about the chef's culinary skill.

No Fancy Stuff
"But," he commented, "it was one of the best steak dinners I have ever had. It's amazing to tell the President of the United States that you want your steak done medium rare—and even more amazing when it comes to the table just as you ordered it."

Eisenhower's cooking leans to the wholesome, all-American type—no fancy gourmet experiments. Beef stew, for instance, is the specialty of the house.

SOVIETS TO CLARIFY ARMS PLAN FOR U. N.

By TOM HOGE

UNITED NATIONS, N.Y. (AP)—U. N. delegates looked to the Soviet Union today to clarify whether Premier Nikita Khrushchev's proposal for total disarmament will prove more than a utopian dream.

Soviet Deputy Foreign Minister Vasily V. Kuznetsov was expected to call for support of the Khrushchev plan—top item on the General Assembly Political Committee's agenda—when the 82-nation body gets down to business today.

Informed sources said the Soviets are working on a resolution calling on the General Assembly to recommend that the new 10-nation East-West Disarmament Committee give the Khrushchev proposal urgent consideration when it meets in Geneva after Jan. 1.

Soviet Delegate Arkady Sobolev confirmed that a resolution is being drafted but declined to say what it contained.

Khrushchev put his plan before the Assembly Sept. 18. It calls for total disarmament in four years.

Western delegates have made plain they want to hear some hard facts on the vital issue of controls before committing themselves.

GOTHAM PLAYLAND

NEW YORK (AP)—A 65 million dollar playland, hailed by its builders as the world's largest center, is being built on 205 acres in the Bronx that formerly was swampland.

To be called Freedomland, U.S.A., the project is scheduled to open next July. C. V. Wood Jr., head of Marco Engineering Co., which is building the center, says all attractions will be on an historical theme.

Wood has built Magic Mountain center in Denver, Pleasure Island near Boston, Magic Harbor in Houston, FiestaLand in San Antonio, Gold Rush in Sacramento and Discoveryland in Miami. His Great Southwest project in Dallas is under construction.

The United States bought 20 per cent of Turkey's exports and supplied 18 per cent of her imports during the first seven months of 1959.

Charles E. Wilson Has Heart Attack

DETROIT (AP)—Former Secretary of Defense Charles E. Wilson is in a hospital here after suffering a heart attack on a Florida vacation.

The heart attack was described as mild. He entered Harper Hospital Tuesday.

Wilson, 89, who designed as president of General Motors Corp. to become President Eisenhower's first defense secretary, has been in semiretirement since leaving the cabinet in 1957.

Planes Lead To Stranded Cattle

BAILEY, Colo. (AP)—Two jet fighter planes guided ranchers Thursday to a herd of 200 cattle stranded in deep snow.

The planes from the Colorado Air National Guard made two flights over the area before spotting the lost cattle in dense pine timber. The pilots radioed information that was relayed to horsemen who rounded up the stray cattle.

MILWAUKEE (AP)—Like they say, the doctor isn't supposed to get sick.

Dr. E. J. Banach underwent minor surgery at Lakeview Hospital.

At 4:30 the following morning he got out of bed to superintend the delivery of a baby to one of his patients. At 6:30, resuming the role of a patient, he went back to bed.

TWINS SHOW LOTS OF LIFE

PORTLAND, Ore. (AP)—The Stubblefield Siamese twins showed amazing vitality today, including one who had a brush with death Thursday and then recovered swiftly.

A University of Oregon Medical School spokesman said the life of 3-month-old Jeanette Kim was hanging by a thread because fluids in her lungs all but stopped her breathing.

He said artificial respiration and oxygen were administered to the child, who only the day before had had a metal tube inserted into her windpipe when mucus hampered nose and throat breathing.

Jeanette Kim and her sister Denett Linn were separated by a 17-man team of surgeons.

The children, born June 29 at Nyssa, Ore., are the daughters of Mr. and Mrs. James Stubblefield of Parma, Idaho.

RUNAWAY EMERGENCY

SAN FRANCISCO (AP)—A United Air Lines D6 with 35 persons aboard skidded to an emergency halt on a San Francisco International Airport runway Thursday night when one engine lost power during takeoff.

A UAL spokesman said all 35 persons slid down a canvas escape chute according to emergency instructions. Seven of them suffered minor injuries.

Conewago Dairy Products Grow In Popularity Thru Gettysburg Area; Local Branch Is On Queen St.

Greatly pleased with the manner in which Conewago Dairy business has been expanding in the last year in the Gettysburg area, Ira Fuhrman, manager of the Conewago Dairy with headquarters in McSherrystown, expressed his appreciation today for the "wonderful cooperation we have received from the good people of Gettysburg."

"We are gratified by the wonderful reception our dairy products have been received in the Gettysburg area," Mr. Fuhrman said. "From a comparatively small beginning a little more than a year ago, our business there has grown to such an extent that two refrigerated trucks are kept busy daily on deliveries to wholesale outlets and the large and small users through the community."

"We believe this popularity has been earned by the quality products we market," Mr. Fuhrman continued. "High quality dairy products that are healthful and delicious are our stock in trade and we are greatly pleased with the reception that our milk and our tasty ice cream and other dairy products are receiving in all the areas in which they have been marketed."

Local Headquarters
Gettysburg headquarters for Conewago Dairy is 33 Queen St. where orders are handled at 1223-X and the refrigerator trucks are garaged. George Louser and Donald Staub, who reside at Queen St., are the drivers that handle orders and deliveries. Staub has been with Conewago Dairy for more than a year and has been assigned to the Gettysburg branch. Mr. Louser, a former Conewago Dairy employee, recently returned to Conewago and works with Mr. Staub in handling

the Gettysburg borough and rural route deliveries.
Holiday flavors will be added before long to the list of favorite ice cream flavors being produced by Conewago Dairy. Fresh peach has been a specially popular flavor for months and now chocolate marshmallow is leading the list in popularity. All of the standard flavors are continued the year around. They include lime sherbet, lemon and orange ice, raspberry, strawberry weave and chocolate and vanilla and the other regulars. More than a dozen delicious flavors of ice cream are produced by Conewago Dairy's skilled craftsmen.

Seven Truck Routes

Expanding delivery routes include those covered by the two Gettysburg trucks and five from the McSherrystown headquarters of the dairy.

Conewago Dairy places a great deal of emphasis on dependable service by its routemen to the householder and to the local retail stores that handle their products. Last minute orders and special calls are handled in stride by Conewago Dairy.

Milk Is Best Food

While Conewago Dairy takes a great deal of pride in turning out tasty, wholesome, healthful products, its staple item is pure milk. "You can't beat milk for energy," says Ira Fuhrman, who for the last 27 years has operated the dairy, steadily adding new and modern methods and services to his record of dependability. Conewago boasts "nature's most perfect food" and recommends it with meals or snacks. "Any way, every day, any hour of every day is the right time to enjoy a glass of good milk," any Conewago dairy representative will tell you. And they'll likely add a reminder that milk is "high in energy and low in calories."

Milk is recommended by Mr. Fuhrman as an ideal family food. "It's your finest and cheapest source of essential proteins, min-

These two modern refrigerated dairy trucks deliver Conewago Dairy products daily throughout the Gettysburg area. Their drivers are shown at a route conference. They are George Louser, left, and Donald Staub. Gettysburg headquarters for the Conewago Dairy is located on Queen St. The phone number for orders is 1223-X. (Times Photo)

dynamite were found in the trunk. The FBI said the wanted men, George R. Jann, 29; Frank H. Spicer, 24, and Frank E. Fisher (age unknown), would be taken to Tallahassee today for arraignment on federal charges of unlawful flight.

Girls Being Held
Sheriff Herbert Marshall of Franklin County held the three girls, Claudia Fuller, 17; Sharron Lee McDowell, 16, and Sharron Irene Balazs, 17, as runaways for Helena, Mont., authorities.

No criminal charges were filed against the girls, who had been last seen stepping into the pink car at the Helena High School last Friday. At first it was feared they had been kidnapped.

Sharron McDowell admitted that she knew they were traveling with wanted criminals. She said Jann had told her they were wanted by the FBI.

She said she didn't tell the other girls.

Jailbreakers
Jann and Spicer broke out of a prison at Soledad, Calif., in August. They were serving terms for burglary. They were arrested at Lynwood, Calif., in September on burglary charges, but escaped from the jail there. Fisher faces a burglary charge at San Diego, Calif.

SALT DISHES WORTH \$3,000 ARE SNITCHED

By CYNTHIA LOWRY
NEW YORK (AP) — Light-fingered customers have made off with more than \$3,000 worth of salt dishes since the opening last year of the Forum of the 12 Caesars.

But the management is doing a brisk side business selling \$250 silver wine coolers made in the shape of Roman helmets and copper-and-brass service plates at \$50 each.

"I suppose they'd try to walk out with the plates and the coolers," says manager Joseph Baum, "but the plates are too heavy and the helmets are too bulky. We had all of them specially made for us in Milan, and when we know who pocketed one of the sterling silver salt dishes, we just put it on his bill: \$60. A couple of customers returned the salts with a limp sort of explanation, but most just quietly paid."

Business Was Slow
A restaurant chain spent almost \$500,000 converting what once the prop room of Radio City's Center Theater into a 140-seat restaurant. Business was slow the first week, but the word started getting around that there was something new and expensive in Rockefeller Center. A few of the right people dropped in and today the Forum is serving 500 meals

a day with lunch checks ranging from \$6.50 to \$8.50, and dinner checks from \$8.50 to \$15 — per person, of course and without tip or bar bills.

The gourmet crowd may argue about the quality of the food, but the Forum seems to have dreamed up something new in the way of gimmicks.

For one thing, the Forum flames everything it can possibly set fire to, and sometimes the restaurant at a busy time looks like a training school for pyromaniacs.

Although the management resisted temptation—no couches for Nero-type repasts — the red damask walls of the restaurant are dominated by a dozen oil portraits by a 17th Century Italian of Caesars from Julius through Domitian.

Purple Jackets

Walters and bartenders wear purple jackets with a draped velvet lapel caught with a silver medalion, a trick which gives a suggestion of the toga.

Baum says that about 30 per cent of the Forum's recipes have been adapted from one set down hundreds of years ago by Apicius: fiddler crab lump a la Nero, or oregon perch on rosemary with lemon ginger sauce for instance. A number of dishes are named after places and people. Cleopatra, for instance, has a truffled stuffed quail wrapped in Macedonian vine leaves, baked in hot ashes, \$7.50. And, of course, the Noblest Caesar of Them All is a salad which actually started in California.

"We thought up the whole idea of the place in terms of a club for modern emperors — busi-

HOME LIFE IS HARMONIOUS

MIAMI, Fla. (AP) — Five girl musicians who team up nightly as a progressive jazz combo achieve as much harmony at home as they do on the bandstand.

"We get along so well together we don't even fight over the one bathroom in the house," they'll tell you.

The group was organized 10 years ago in Indianapolis by Flo Dreyer, its leader and trombone and trumpet player. Now it's playing nightly under a year's contract at a suburban hotel.

Live Together
Other members are Fagle Liebman, drummer; Greta Gibson, saxophone; Stella Mattern, piano; and Jean Bangor, bass.

The five rent a house where they live together and do their practicing. They share household chores except for cooking which is Flo's domain.

"In leaner years we couldn't afford to eat dinner out," says Fagle. "Now we're used to Flo's home cooking. Her lasagna is terrific."

nessmen," said Baum. They are responding, too. One executive of the place estimates that 80 per cent of the customers are eating on their own or somebody else's expense account.

Make those plain muffins extra good! Sprinkle them with a mixture of cinnamon, sugar and finely chopped nuts before baking.

FRANKLIN GOP MAKES GAINS

Although its gain was slight, the Republican party scored its first registration victory in Franklin County in a number of years during the last registration period, according to figures released today by Mrs. Leatrice M. Dufferder, chief registrar.

Republican candidates will go into the November 3 municipal election this year knowing their party holds an advantage of 548 registered electors over the Democratic opposition. At the time of the primary election in May, the Republican registration majority

was also a song and games session. It was decided to hold the troop Halloween party on Wednesday, October 28. The regular meeting will be held next Wednesday, 7:30 p.m. at Scout headquarters.

Immediately following the primary, Democratic party leaders in the county launched a registration campaign officially designated as "Operation 536" with an announced purpose of wiping out the Republican registration lead. Despite the intensified campaign, which offered major electrical appliances as awards to top registration-getters, the party's position failed to improve. The Republicans registered a net gain of 12 registrants.

The registration records in the county, now closed until following the November election, lists the names of 18,526 county residents who have enrolled as Republicans, 17,978 who have enrolled as Democrats and 578 listed as nonpartisans for a total of 37,082 eligible voters.

The Fifty-fifth...and the Finest!

It was shortly after the turn of the century that the first Cadillac car—"the automobile built to the highest standards it is possible to enforce on the production of a motor car"—made its appearance.

Every year since—save for a period when Cadillac devoted its energies to the national defense—a new interpretation of this unique goal has been presented to the world's motorists.

The superlative motor car illustrated above is the fifty-fifth in this unprecedented succession of distinguished automotive creations.

And it is, far and away, the finest and the noblest Cadillac of them all!

Never before has Cadillac artistry created such

elegance of form and line. It has a commanding presence that is uniquely Cadillac.

Never before has Cadillac engineering produced so abundantly. The car is smooth and quiet to a degree that challenges belief.

Never before has Cadillac craftsmanship provided such interior luxury. And the complement of conveniences has never been more satisfying.

No matter how many of the fifty-five Cadillacs you may have owned and enjoyed over the years—you still have a wonderful experience ahead of you in this latest "car of cars."

We suggest you see and drive it very soon. And we hope you will come expecting great things.

"LITTLE LADY" IS BIG FACTOR IN BUSINESS

By HAL BOYLE

NEW YORK (AP) — "We believe that behind the success of most men is a good woman, who is a good influence on him—and 99 per cent of the time it is his wife."

You may have heard a statement like that before. James F. Roach, 66, has said it with conviction, over the years, to some 3,000 women who never broke in to protest. They liked his crisp assurance that good wives are good for business.

Roach, ruddy, white-haired, and a family man himself, is an experienced spokesman of a growing corporation trend—to bring the wife into the American business family.

"Hires" Wife

"We don't just hire the man," said Roach, vice president of the Electroflux Corp. "Technically we do. But actually we hire the wife as well as the man because her attitude inescapably influences him."

One of the deans of door-to-door salesmanship, Jim Roach pushed his first button and sold his first vacuum cleaner 35 years ago in the Bronx after working 14 years for a cash register firm.

He has become a specialist in pushing the button on the front door of the woman behind the man who pushes the button to opportunity. His story to the girls: "Help your family by encouraging your husbands."

Girls Big Factor

Roach cites statistics at company reward meetings to wives and mothers—no girl friends attend on the company cuff—to prove how important their feminine encouragement is.

"Not one of our top 15 producers is a bachelor," said Roach. Electroflux has thousands of salesmen in the field, won't name the number. Roach placed the in-

come of "established successful" Electroflux foot soldiers at from \$7,500 to \$10,000, with a fervid few topping \$20,000.

Concerned By Morals

Since the company daily puts its sales infantry across thousands of new family thresholds, it is concerned by morality as well as sell-push and product quality.

"I'd guess 98 per cent of our men are married," said Roach. "They tend to make better salesmen because of their home responsibility."

"The most common single fault among wives," said Roach, "is lack of understanding of what is required by their husbands to find success—and to pay their share of that price."

Basic Questions

These are the basic nine questions that Roach feels the wife of any man trying to sell his way in the business world should ask herself:

"Have you got faith in your husband's ability to succeed?"

"Are you willing and capable of demonstrating that faith?"

"Are you undermining his effectiveness by needless worries?"

"Are you making too many or too unreasonable demands upon his time?"

"Are you being unduly critical about his working evenings occasionally?"

"Are you intruding into your husband's business, rather than being a silent partner in it?"

"Are you careful to avoid gossip and spreading stories? If not, this can be fatal to his job."

"Do you always try to maintain a friendly, helpful attitude toward the people in his organization, particularly toward other wives?"

"Are you trying to 'come out of the kitchen' too soon, and putting a brake on your husband's success by living beyond your means in an effort to outdo the Joneses?"

TV "BIG PARTY" WAS BIG BORE; NEED NO PILLS

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP) — The idea sounds great: get a lot of talent — like Sammy Davis Jr., Lisa Kirk, Mort Sahl and Tallulah Bankhead — add some glamorous, beautiful celebrities like Esther Williams and Rock Hudson and pretend they are all guests at a party.

Well, they put the idea before the television cameras Thursday night. It was The Big Party, and it was big all right. Except when the performers were doing acts that all of them do better on a proper stage, it confirmed one's worst suspicions about glamorous, black tie parties. It was a big, unwieldy bore.

Bob Was Bright

Of course, it was the first show it was live, and a lot of things obviously went awry. But still that did not explain the trivial and unamusing dialogue which even a simulated cat fight between Miss Bankhead and Miss Williams failed to brighten.

Earlier in the evening Bob Hope returned with his first fall show. As usual, he was bright and incisive in his opening remarks and after that the sketches sounded as if they were ad libbed. Those four Crosby boys certainly resemble their father in looks, but the infield of our local little league can sing and act as well as they do.

Praise Officials For Help On Bonus

HARRISBURG (AP) — The director of the Korean Conflict Veterans' Compensation Bureau has commended the state's county recorders for assisting Korean war veterans in obtaining their bonuses.

"We have in front of us now the accumulation of three months' work by county recorders throughout the state," said Edward F. Ryan. "We understand fully the extra time and money expended by these officials, usually at no cost to the veteran, so that the veterans can receive their bonus payments."

The bureau was commended Wednesday by Gov. Lawrence when the first bonus check for \$235 was presented to former Army Sgt. Albert G. Nolte, Middletown, at ceremonies in the governor's office.

Will Dedicate Education Building Of Church Sunday

The educational building which has recently been erected at St. James United Church of Christ (Evangelical and Reformed) on the Harney Rd. near Littlestown will be dedicated at the 9 a.m. worship service Sunday morning. The Rev. James W. Moyer, president of the Mercersburg Synod, will preside at the dedication ceremony. He will also be the guest speaker at the 10 a.m. Church School hour.

The Rev. Edward R. Hamme, of Union Mills, Md., will preach the dedication sermon at the 9 a.m. service. Rev. Mr. Hamme served as the supply pastor of the church at various intervals before the present pastor, Rev. John C. Chatlos, of Emmitsburg, assumed his duties as pastor of the Emmitsburg-St. James parish last summer. It was largely through the inspiration and the encouragement of Rev. Dr. Hamme that the building was erected.

Needed Facilities

The need for adequate educational facilities has been recognized by the members of the St. James congregation for several years. All eight of the Sunday School classes have been meeting in the church sanctuary. The new building which measures 28 feet by 32 feet and is connected to the rear of the sanctuary will provide ample space for several of the Sunday School classes. There is a full basement under the main floor. The building has four entrances, one from the chancel of the sanctuary, an outside entrance to the basement, and two outside entrances to the main floor. There is a inside stairway leading from the basement to the main floor.

The congregation voted on December 14, 1958, to erect the new building, and the following members were appointed by William B. Fissel, Sunday School superintendent, to serve as the planning and building committee: Roger M. Bair, Fred W. Fissel, Clyde Hildebrand, John M. Jacobs, George E. Sentz, and Francis Walker.

Started On April 20

Lavere G. Mummet, of Hanover, was the contractor. The building was started on April 20 when the basement was excavated. The contract included the installation of rain spouting, elec-

Jr. Woman Plan Halloween Party

A Halloween party will be featured at the monthly meeting of the Junior Woman's Club of Littlestown on Wednesday at 8 p.m. in the social room of the Eagles' Home, W. King St. All members are requested to attend in costume and prizes will be given for the funniest, prettiest, ugliest and most original costumes. The program will be a take off of the television show "Masquerade Party," with a mystery guest. Refreshments in keeping with the Halloween season will be served. Arrangements are in charge of the program committee composed of Mrs. Paul F. Bolter Jr., chairman, Mrs. Bernard R. Kebil, Mrs. Woodrow D. Crabbs, Mrs. Allen Shandbrook, Mrs. John F. Feeser Jr., Mrs. Robert G. Breighner, Mrs. R. Kenneth Boyd and Miss Dolores Hawk.

A coffee social will precede the meeting, starting at 7:30 p.m. The Woman's Club will sponsor a roller skating party on Thursday evening at Rainbow Rink, Taneytown. Anyone interested in attending may secure tickets from a club member.

NEW CLUB MEETS

The newly-formed Homemakers' Club, to be known as Mason-Dixon Homemakers, met on Tuesday evening at the home of Mrs. Robert Mayers, near town. Mrs. Mayers and Mrs. Howard Bowman gave a demonstration on winter dish gardens, terrariums and forced bulb planting. Fourteen members were present at the meeting and other interested persons are invited to join. Mrs. Wade Brown, near town, will be hostess to the group for the next meeting on Tuesday, November 3, when the discussion subject will be "Refinishing Furniture."

trical work, laying of concrete sidewalks leading to the new building and the installation of a modern hot-air furnace. The public is invited to attend the dedication services. St. James Church is located about three miles west of Route 194 on the Harney Rd.

LITTLESTOWN CHURCHES

COLD WARS ALL ALIKE, SAYS SCRIBE

By WILLIAM L. RYAN
Associated Press News Analyst

Little or big, cold wars are all alike.

To be an able cold war statesman, a man has to learn how to look reasonable without budging an inch.

What he says to his adversary, in effect, is: "I propose to give in to one or the other of your more reasonable demands. In return I ask that you do something I already know is impossible for you. All this will get us nowhere, in reality, but it provides something to talk about, and while we're talking, at least we're not fighting."

Basic Rule Applies

In the Middle East's own cold war, Gamal Abdel Nasser of the United Arab Republic has demonstrated the application of this basic cold war rule once again. It is not peculiar to him. It's common to all cold war participants.

That master of cold war politics, Nikita S. Khrushchev, applies the rule over and over again in the big East-West contest.

In Cairo, Nasser shows himself to be an astute student of modern cold war tactics. In an interview with Wilton Wynn of The Associated Press, Nasser expressed willingness to let a United Nations commission carry out a Security Council resolution providing for freedom of shipping for all the Suez Canal, including

Israel.

Lost in 1948

This sounds attractive. Israel has been trying to force this issue to a showdown. But what is the price?

Israel, says Nasser, must accept internationalization of Jerusalem and the 1947 U.N. plan for partitioning Palestine.

The Arabs went to war in 1948 rather than submit to that program. They lost. Israel occupied territory which otherwise might have been Arab. She also took half of Jerusalem, ancient citadel of Zion, and set up a capital there. Obviously, Israel will not surrender voluntarily on either of these issues.

Still Is Main Voice

Neither Israel nor Nasser, who still must be considered the main voice of the Arabs, seems to make much of an attempt to get down to reality in talking about how their 11-year-old state of war might be ended.

But Nasser has put a finger on one thing which might help prepare the way. In his package proposal, he asked that Israel concede the right of Palestine refugees from Israeli territory to choose whether they will return to their former homes or accept payment for their losses.

If Nasser had confined his proposal to swapping the Suez concession for the Arab refugee concession, it would have a chance of getting somewhere. Tied in with the other demands, the proposal remains just talk.

It's possible something could be accomplished if the refugee question could be settled. Few of the million refugees, it is certain, would choose to return to their old homes under Israeli rule. But for the sake of their dignity, they want to have the choice between

ANCIENT SIGHT — India's Prime Minister Nehru pauses to inspect wall decoration while touring ruins of 3,000-year-old Persepolis Palace near Shiraz, Iran.

that and compensation. The payment would be costly, but far less so than a new war, or even the never-ending threat of such a war in the Middle East. The refugee question is the key problem in the search for stability.

The idea of such a swap is sound and logical. Only Nasser, among the leaders of the Arabs, is strong enough to be able to afford logic in that ever-perturbed slice of the world.

Army Passing Is Best In Nation

WEST POINT, N.Y. (AP) — If Penn State is to continue its victory streak the Nittany Lions will have to stop Army's passing game, the best in the nation.

When the Nittany Lions meet the once-beaten Cadets here Saturday, they'll be up against a team that ranks first in passing offense with 501 yards in two games. Much of Army's success through the air can be attributed to quarterback Joe Caldwell.

But Penn State has Richie Lucas, too. And the Glassport, Pa., quarterback is a double threat with his passing and running. Lucas ranks third in total offense with 437 yards in three games.

The Nittany Lions will be shooting for their fourth straight victory this year. They've defeated Missouri, VMI and Colgate.

ville to Shippensburg.

Rev. Robert E. Reasey, assistant pastor, First Church, Chambersburg, to Shiremanstown, to succeed Rev. Ralph A. Strasbaugh who retired.

Rev. Harold O. Sipe, Scotland-Salem Charge, to West Fairview. William L. Schmid, York, to West Hill.

Arthur E. Edmunds, Lemoyne, first assignment to York Haven-Pleasant Grove Charge.

One Retires

Theodore Elser, of Greencastle, to Young's-Mount Zion Charge.

Retiring was the Rev. Edgar E. Spatz, pastor of Mount Alto Church since 1955.

Ordained ministers were: Richard D. Leonard, pastor of the Quincy Church; Raymond M. Kinsborough, of Manchester, Md., and Clarence G. Walters Sr., of Hellam - Druck Valley Charge, York County.

WALT ALSTON HAPPIEST OF ALL DODGERS

CHICAGO (AP) — You could never tell it by the calm manner in which he was accepting congratulations and by the serious, almost solemn look on his round face that the happiest man in the Dodgers' dressing room was Walter Alston.

The Dodgers' World Series success, capping their pennant victory, was in many ways a personal triumph for this kindly, good-natured, shy, Ohioan who, after six seasons of big league managing, finally has convinced his hard-bitten critics that he is highly capable leader.

"From a personal standpoint, this would have to be my greatest and

Triumph, at least the most satisfying," he said slowly, choosing every word. "Winning the World Series with the Dodgers back in 1955 gave me a big thrill. At the time it was the greatest. After all, it was only my second year of managing, and it was the first world championship ever won by Brooklyn.

"A Team Job"

"But the Dodgers of '55 were a great team. They were, more or less, expected to win. We won 20 of our first 22 games and won the pennant by some 13 1/2 games. I don't want to take anything away from either of the teams but I think this team has given me a greater kick.

"After all, it wasn't expected to win. It started off slowly and gradually got better. This was a team job, pure and simple."

As a manager he hit a grand slammer, becoming the only one ever to capture the world championship on both coasts—Brooklyn and Los Angeles.
